G. Nzabanita,2012-04 The Bible is widely distributed in Africa where nearly half of the population identifies with Christianity The Bible has many solutions for the continent s problems Christ told his followers that they are the light of the world Every person who confesses Jesus Christ is called to be light Therefore every believer has a responsibility in shaping our world Christians have the potential to foster true positive change in Africa Nevertheless Christian influence is not very visible in African society Discover how you can have a Biblical impact on your country and your continent Sacred Places C.J. Scott,2017-03-16 Sacred Places is a book that looks at the biblical theology of place exploring its central importance in Gods creation and mission It takes its readers on an expository journey through place from the Garden of Eden to the New Jerusalem discovering the pattern of placement displacement and replacement in life and faith If you are a Christian seeking to understand the Bibles teaching on place and how that affects both our faith and lives in the world then this book is for you It will open your eyes to the central importance of place and give you direction on how you can apply a healthy understanding of place to your life as a disciple of Jesus Christ making you a better place maker and dweller The thesis of this book is that place is far more important than we ever could have imagined I am specifically proposing that 1 places are sacred because of Gods decree and personal presence 2 place plays a major role in Gods creative and redemptive purposes and 3 Gods people are called to be both place makers and dwellers Check out the official website of Author and Teacher C J Scott at humblemajesty com Visit the Place Makers blog at placemakers blog In association with Worldwide Mission Fellowship Visit the website at wwmf org Biblical Apologetics Clifford B. McManis,2013-07-26 The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and

Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i.e. to all believers. This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church. Hopefully today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context. George J. Zemek, Academic Dean, The Expositors Seminary, Jupiter, Florida. *The Layman's Manual on Christian Apologetics* Brian G. Chilton, 2019-11-14. Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.
