The Holocaust

2/2/23

There were so many new things that I learned this week from the "Who Were the Sturmabteilung?" and this week's chapter in the book "The Holocaust." The more and more I read or watch any of the videos that you post or read anymore of the book I find it fascinating all the things I learn about The Holocaust and World War II that I had no clue even happened or existed.

To begin, the first thing I would like to discuss is the Sturmabteilung and who and what they were. I always thought that the people who had worked alongside Hitler or his army were just all referred to as Nazis, I didn't know they had segregated groups who were used for different things. Basically, in so many words the "SA" were members of the paramilitary groups during World War I who had regrouped to establish law and order in Germany after its defeat. The SA fought communism and other groups that they believed were responsible for Germany's loss of World War I. The group was very popular and comprised about 400,000 men in their paramilitary activity by 1921. The SA had become very involved in the German workers party which was soon rebranded into the better Nazi Party which fell under the leadership of Hitler.

During this time period speaking about politics was obviously a dangerous thing to do in Germany so The SA would protect their most prized asset which who would've guessed was Adolf Hitler. The speeches would attract communists and enemies of the SA which would result in fights and violence, but this was a key component for Hitler because the SA was made up mostly of military members who were more than capable of handling situations like that. Teaching about the Holocaust Samuel Totten, Paul R. Bartrop, Steven Leonard Jacobs, 2004-04-30 This collection of fourteen essays by renowned scholars in the field of Holocaust studies seeks to reflect on the experience of teaching and researching this complicated and emotional topic. Contained within are the pioneering stories of those presently engaged in the work of Holocaust education. Separately they represent a variety of disciplines and orientations. Collectively they give evidence of the strong commitment to continue this important work and the moral and ethical demands such teaching, writing and research place upon all who engage in it. Different perspectives from historical, philosophical and religious frameworks come together to create a unique contribution to the literature on the Holocaust. Educators discuss what they teach, their methodologies and theoretical orientations and reflect on their own journeys that brought them to this field. The unique nature of these stories brings needed background to the field of Holocaust studies and also serve to inspire others to enlarge their thinking and understanding of previous work on this topic. The stories of these committed Holocaust educators will serve to inspire a new generation of thinkers, writers and activists to engage in such work. In reading their stories, their collective commitment to make a difference today and tomorrow shines through. This volume will be a valuable resource for courses in the Holocaust, contemporary post-Holocaust realities as well as courses in genocide. Scholars and anyone with an interest in enriching their understanding of the Holocaust will find much within to inspire them and provoke new ideas.

Crisis & Reaction Philip M. and Ethel Klutznick Chair in Jewish Civilization. Symposium, Menahem Mor, 1995 The generic theme of heroism is universal; the rabbinic definition of the hero is however uniquely and particularly Jewish. The generic hero expresses the ideals and aspirations of the culture.

Mutual Perceptions and Images in Japanese-German Relations, 1860-2010, 2017-06-06 Mutual Perceptions and Images in Japanese-German Relations 1860-2010 examines the mutual images formed between Japan and Germany from the mid-nineteenth to twenty-first centuries and the influence of these images on the development of bilateral relations. Unlike earlier research on Japanese-German relations which focused on the similarity of these countries' historical trajectories, this publication presents a more nuanced picture. It relativizes perceptions of a special spiritual relationship between Japan and Germany as well as their commonalities of national character through an exploration of previously untapped historical visual and textual sources. With essays by sixteen leading scholars in the field, this collection is an invaluable contribution to the historiography of modern Japan and Germany and to the field of international relations. Contributors are Hans Joachim Bieber, Fukuoka Mariko, Hakoishi Hiroshi, Iwasa Takur, Kat Y ko Kawakita Atsuko, Gerhard Krebs, Kud Akira, Heinrich Menkhaus, Danny Orbach, Peter Pantzer, Sven Saaler, Sat Takumi, Volker Stanzel, Suzuki Naoko, Tajima Nobuo, Tano Daisuke and Rolf Harald Wippich.

The "Good War" in American Memory John

Bodnar,2010-10-01 The Good War in American Memory dispels the long held myth that Americans forged an agreement on why they had to fight in World War II John Bodnar s sociocultural examination of the vast public debate that took place in the United States over the war s meaning reveals that the idea of the good war was highly contested Bodnar s comprehensive study of the disagreements that marked the American remembrance of World War II in the six decades following its end draws on an array of sources fiction and nonfiction movies theater and public monuments He identifies alternative strands of memory tragic and brutal versus heroic and virtuous and reconstructs controversies involving veterans minorities and memorials In building this narrative Bodnar shows how the idealism of President Franklin Roosevelt s Four Freedoms was lost in the public commemoration of World War II how the war s memory became intertwined in the larger discussion over American national identity and how it only came to be known as the good war many years after its conclusion **Essential**
