

## INTRODUCTION

Thank you for purchasing a Honda engine. We want to help you to get the best results from your new engine and to operate it safely. This manual contains information on how to do that; please read it carefully before operating the engine. If a problem should arise, or if you have any questions about your engine, consult an authorized Honda servicing dealer.

All information in this publication is based on the latest product information available at the time of printing. American Honda Motor Co., Inc. reserves the right to make changes at any time without notice and without incurring any obligation. No part of this publication may be reproduced without written permission.

This manual should be considered a permanent part of the engine and should remain with the engine if resold.

Review the instructions provided with the equipment powered by the engine for any additional information regarding engine start-up, shutdown, operation, adjustments or any special maintenance instructions.

## SAFETY MESSAGES

Your safety and the safety of others is very important. We have provided important safety messages in this manual and on the engine. Please read these messages carefully.

A safety message alerts you to potential hazards that could hurt you or others. Each safety message is preceded by a safety alert symbol  and one of three words, DANGER, WARNING, or CAUTION.

These signal words mean:

|                                                                                                  |                                                                                             |
|--------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|
|  <b>DANGER</b>  | You <b>WILL</b> be <b>KILLED</b> or <b>SERIOUSLY HURT</b> if you don't follow instructions. |
|  <b>WARNING</b> | You <b>CAN</b> be <b>KILLED</b> or <b>SERIOUSLY HURT</b> if you don't follow instructions.  |
|  <b>CAUTION</b> | You <b>CAN</b> be <b>HURT</b> if you don't follow instructions.                             |

Each message tells you what the hazard is, what can happen, and what you can do to avoid or reduce injury.

## DAMAGE PREVENTION MESSAGES

You will also see other important messages that are preceded by the word **NOTICE**.

This word means:

|               |                                                                                |
|---------------|--------------------------------------------------------------------------------|
| <b>NOTICE</b> | Your engine or other property can be damaged if you don't follow instructions. |
|---------------|--------------------------------------------------------------------------------|

The purpose of these messages is to help prevent damage to your engine, other property, or the environment.

## SAFETY INFORMATION

- Understand the operation of all controls and learn how to stop the engine quickly in case of emergency. Make sure the operator receives adequate instruction before operating the equipment.
- Your engine's exhaust contains poisonous carbon monoxide. Do not run the engine without adequate ventilation, and never run the engine indoors.
- The engine and exhaust become very hot during operation. Keep the engine at least 1 meter (3 feet) away from buildings and other equipment during operation. Keep flammable materials away, and do not place anything on the engine while it is running.
