Radical Hope in the Novels of Thomas Pynchon Phillip Grayson, 2022-09-09 *Radical Hope in the Novels of Thomas Pynchon* The Moon and Meteor provides a careful consideration of the author's career examining the ways in which the subversion of his early novels feeds into the radical optimism of his later works The book's first half explores the author's use of the image of the Moon as a romanticized ideal that is irreparably corrupted by and corruptly manipulated by forces of worldly power The second half takes up the meteor as an image of impending violence that has yet to be fully realized finding in the unlikely possibility of that violence being somehow averted a reckless sort of hope This foolhardy but nonetheless real hope to escape from violent oppressive structures and forge a real ethical obligation to the other marks the development of these paired metaphors and through them Pynchon introduces the possibility however slight that literature with its powerfully intimate relationship with consciousness may at least sustain that hope

Diary of a Novel Eugenia Price, 2021-08-17 This is only one of the many revelations in Eugenia Price's intimate account of the many months she spent sorting through voluminous historical research and writing Margaret's Story the third novel in her Florida trilogy Published as a companion to the novel this journal offers a fascinating view of the author at work as the novel developed week by week Here for the sharing is her excitement as her story's characters emerge living breathing people who become for the duration more real to her than those who are part of her day to day existence Here too is her joy on good writing days her anxiety in times of creative uncertainty her frustrations at unavoidable interruptions and her courage in resisting discouragement and discomfort through most of this period she was plagued with vertigo caused by labyrinthitis From time to time she isolated herself in a St Augustine motel to work undisturbed but when at home on St Simons Island she managed to continue with the novel and be at the same time a caring friend to everyone who needed her In *Diary of a Novel* the reader will encounter many of the friends met in St Simons Memoir and make with the author some new friends as well Most of all this behind the scenes narrative will give a new dimension to the experience of reading the novel Margaret's Story
