Dawn, 2015-02-12 How shall we worship One source of debate today is the wide variety of worship styles In *How Shall We Worship* Marva Dawn turns to Psalm 96 to investigate key elements of worship from music to liturgy She reminds us of the importance of recognizing that worship is for God and not for us **Pentecostal Ecclesiology** Chris Green, 2016-06-27 This reader in Pentecostal ecclesiology edited by Chris Green brings together in a single volume a number of critically important previously published essays written by leading Pentecostal and charismatic scholars addressing the theology of the church sacraments and ministry in the Pentecostal charismatic traditions Contributors include Estrela Alexander Peter Althouse Jonathan E Alvarado Ken Archer Daniela Augustine Simon Chan Graciela Esparza Jenny Everts Chris E W Green Walter Hollenweger Cheryl Bridges Johns Veli Matti K rkk inen Andy Lord Frank Macchia Clark Pinnock Margaret M Poloma Lisa Stephenson Wolfgang Vondey and Amos Yong *Worship Beyond Nationalism* Rob Hewell, 2012-02-01 The church in the United States faces a dilemma How is it possible for Christ s followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ s followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid *Worship Beyond Nationalism* explores faithful worship as a political act by which Christians declare their allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God s kingdom and embody the gospel for the glory of God and for the sake of the world *T&T Clark Handbook of Christian Prayer*, 2021-12-16 The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer In the first of four parts the volume begins by reaching back to the biblical foundations of prayer Then each of the chapters in the second part investigates a classical Christian doctrine including God creation Christology pneumatology providence and eschatology from the perspective of prayer The chapters in the third part explore the writings of some of the great theorizers of prayer in the history of the Christian tradition The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues Overall the T T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer one that is deeply biblical energetically doctrinal historically rooted and relevant to a whole host of critical questions and concerns facing the world today *Reverberating Word*

Michael Denham, 2018-06-12 Like sounds of beautiful music worship can renew us for God's glory and our good by the invigorating power of God's reverberating Word. It is God's story that redeems all our stories. We want to tell it again and again as best we can, clearly conveying its message, meaning, richness, claim, and call. Through its every facet and component, worship that is biblically expositional can heighten how we proclaim God's story faithfully and creatively, pointing to the One who alone offers us true identity, security, and destiny. If you seek me, you will find me; if you search with all your heart, declares the Lord. With the ancient prophets and apostles, we must repeat and repeat and repeat the most wonderful truth that God wants to be found. In Christian worship, such tremendous and tender encounter is available to us as nowhere else.

The Influence of Music on the Development of the Church of God (Cleveland, Tennessee) Benson

Vaughan, 2018-03-23 This book examines the influence of music on the development of the Church of God, Cleveland, Tennessee. This narrative is historically driven but relies upon an interdisciplinary approach to draw on the insights of ecclesiology, theology, liturgiology, church development, and especially music. This study utilizes a chronological and systematic approach to the relationship between music and the Church of God in the United States during the first 125 years of the denomination's history from 1886 to 2011. For over a century, music has been an often neglected dialogue partner at the table of academic discussion, and this research argues for recognition and a proper place in Pentecostal history. Along with primary and secondary sources, the important element of living archives is investigated in this work: these are interviews with people who participated in historical music events in the Church of God. The book also relies upon musical examples to explore the influence of music upon the shaping of the denomination's history and theology.

The Church Made Strange for the Nations Paul G. Doerksen, Karl Koop, 2011-09-22

Christians have sometimes professed that the church ought to be in the world but not of it; yet the meaning and significance of this conviction has continued to challenge and confound. In the context of persecution, Christians in the ancient world tended to distance themselves from the social and civic mainstream, while in the medieval and early modern periods, the church and secular authorities often worked in close relationship, sharing the role of shaping society. In a post-Christendom era, this latter arrangement has been heavily critiqued and largely dismantled, but there is no consensus in Christian thought as to what the alternative should be. The present collection of essays offers new perspectives on this subject matter, drawing on sometimes widely disparate interlocutors, ancient and modern, biblical and secular. Readers will find these essays challenging and thought provoking.

Shout to the Lord Ari Y. Kelman, 2018-06-19

How music makes worship and how worship makes music in Evangelical churches. Music is a nearly universal feature of congregational worship in American churches. Congregational singing is so ingrained in the experience of being at church that it is often misunderstood to be synonymous with worship. For those who assume responsibility for making music for congregational use, the relationship between music and worship is both promising and perilous: promise in the power of musical style and collective singing to facilitate worship; peril in the possibility that the experience of the music might eclipse

the worship it was written to facilitate As a result those committed to making music for worship are constantly reminded of the paradox that they are writing songs for people who wish to express themselves as directly as possible to God This book shines a new light on how people who make music for worship also make worship from music Based on interviews with more than 75 songwriters worship leaders and music industry executives Shout to the Lord maps the social dimensions of sacred practice illuminating how the producers of worship music understand the role of songs as both vehicles for and practices of faith and identity This book accounts for the human qualities of religious experience and the practice of worship and it makes a compelling case for how sometimes faith comes by hearing

Year D Timothy Matthew Slemmons, 2012-05-04 Although one often hears of the need to preach the whole counsel of God few resources have seriously and specifically attempted to assist the preacher and planner of worship to do just that until now Year D makes the case for the need and promise of supplementing the Revised Common Lectionary with a fourth year of lections and arranges many previously excluded biblical texts in an orderly one year preaching plan It fills a need widely voiced by preachers that the lectionary effectively limits and censors the functional canon of Scripture Destined to serve as a staple source of significant revitalization in mainline preaching and worship Year D banks on the agency of Word and Spirit to renew the church as few practical proposals have done in the last twenty years lending new focus and impetus for exploring the Bible's forgotten riches A timely and urgently needed return to the sources Year D represents a fresh appropriation of neglected and marginalized texts for preaching worship education and devotion and thus constitutes a substantive scriptural attempt to address what Walter Brueggemann has called the current preaching emergency
