Gilbert, 2012-02 After completing my first book I sat down and took notes of what was learned from what I did and I must admit that I had learned an enormous amount of information about publishing There were things to consider like preparation of work presentation of poetry promotional strategies etc and still having Parkinson's Disease didn't do me any favours But as I have always stated you can't keep a champion down and with my God being so gracious in more ways than I am able to acknowledge I press on with my quest to try and give as many people as I am able a solid even chance of salvation My style of poetry may be somewhat unusual maybe a bit out of the ordinary but I have always tried to make my work as appealing as I can to as many as there are who love the simplicity of my work I have tried to reduce the introductions of each poem to a minimum but I still value the introductions as they help to bring clarity to the point that I am attempting to put across and therefore very few misunderstandings and upsets are made It must be emphasized that my poetry expresses my point of view on subjects written about how I actually see things from my angle you may see differently or may even disagree but no matter what I have designed my work specifically with the task of getting people to open up about the topics I write about because there is nothing like a good open debate to allow people the opportunity to communicate with each other and so open up a door for an opportunity to present all with a chance of salvation As I wrote in my last book my primary objective is the saving of souls and by presenting my work in such a simple way I may assist people to realize that Jesus died for all and so salvation is also for all who dare to believe The Athenaeum , 1861
