Livro Do Desassossego Portuguese Edition:

Portuguese Modernisms Steffen Dix, 2017-07-05 For a more encompassing and stimulating picture of Modernism seen as a movement of the 20th century a broad spectrum of work across many countries we must explore its diversity Portuguese Modernism manifested itself both in visual art and in literature and made a vigorous contribution to this time of profound cultural change Indeed the sociocultural transformations that marked the early 20th century in Portugal are still current This volume provides a critical guide for students and teachers contributed by an array of scholars with unparalleled knowledge of the period its artists and its writers Steffen Dix is Research Fellow at the Institute of Social Science University of Lisbon

Jeronimo Pizarro is Research Fellow at the Linguistics Centre University of Lisbon **Fernando Pessoa and the Lyric**

Irene Ramalho-Santos, 2022-01-26 Fernando Pessoa and the Lyric Disquietude Ruminant Interruption Inspiration Constellation is an in depth exploration of Pessoa s major innovations in lyric writing and thinking This book is an original contribution to comparative literature and poetic theory that puts Pessoa side by side with several other poets It delves into Pessoa s poetic theory with an emphasis on Livro do desassossego and the heteronymic drama and discovers new approaches to reading and appreciating the lyric Such Pessoaan literary concepts as disquietude ruminant interruption inspiration and constellation are carefully examined in relation to a number of different poets yielding unprecedented results in comparative poetics *The Book of Disquiet* Fernando Pessoa, 2017-08-29 For the first time and in the best translation ever the complete

Book of Disquiet a masterpiece beyond comparison The Book of Disquiet is the Portuguese modernist master Fernando Pessoa s greatest literary achievement An autobiography or diary containing exquisite melancholy observations aphorisms and ruminations this classic work grapples with all the eternal questions Now for the first time the texts are presented chronologically in a complete English edition by master translator Margaret Jull Costa Most of the texts in The Book of Disquiet are written under the semi heteronym Bernardo Soares an assistant bookkeeper This existential masterpiece was first published in Portuguese in 1982 forty seven years after Pessoa s death A monumental literary event this exciting new complete edition spans Fernando Pessoa s entire writing life *How Peripheral is the Periphery? Translating Portugal Back*

and Forth João Ferreira Duarte, Rita Bueno Maia, Marta Pacheco Pinto, 2015-09-18 This volume is a result of the need to reflect upon Portugal s position from the viewpoint of the literary assets imported and exported through translation It brings together a number of scholars working in the field of Translation Studies directly concerned with the Portuguese cultural system in order to analyse this question from various theoretical perspectives and from case studies of translation flows and movements in Portuguese culture By Translating Portugal Back and Forth the articles discuss issues such as how can one draw the borderline between a peripheral and a semi peripheral system Is this borderline useful or necessary How peripheral is the Portuguese cultural system as far as translation transfers are concerned How stable or pacific has this positioning been Does the economic and historical perception of Portugal as peripheral entail that from the viewpoint of translation it would

behave similarly By addressing some of these questions and as shown by the second subtitle Essays in Honour of João Ferreira Duarte the volume pays homage to one of the most prominent Translation Studies scholars in Portugal who has extensively reflected on the binary discourse on translation its metaphors and images **From Lisbon to the World**

George Monteiro, 2018-09-04 Fernando Pessoa is one of the greatest poets of the 20th century Until some years ago known in the English speaking world only among a minority of connoisseurs his work is finally becoming available in English translations and more are in the process of reaching the literary public Born in Lisbon in 1888 Pessoa was only forty seven when he died but he left behind a staggering number of unpublished manuscripts that are still being screened and brought to light George Steiner heralded the day Pessoa discovered his major Portuguese heteronyms for no country had ever seen the birth of four great poets in a single day That was a reference to the personae Pessoa created the famous heteronyms Alberto Caeiro Álvaro de Campos and Ricardo Reis besides the man himself all poets in their own right with their biographies and even critical exchanges among themselves Today well over a hundred Pessoa heteronyms are known including notably the semi heteronym Bernardo Soares author of *The Book of Disquiet* presently available in two English translations Lately another Pessoa is emerging an English writer as well as a thinker Indeed having been educated in Durban South Africa where his stepfather was the consul of Portugal the poet had a strong English education that shaped his life and thought George Monteiro has been in the forefront of the uncovering of this side of Pessoa Author among many other works of *The Presence of Pessoa English American and Southern African Literary Responses* and *Fernando Pessoa and Nineteenth Century Anglo American Literature* in this volume Monteiro continues to explore and interpret the world of Pessoa to English speaking readers **Fernando Pessoa**

Dr Jerónimo Pizarro, 2020-07-10 A Critical Introduction proposes a new didactic and dynamic way of reading the great twentieth century poet Fernando Pessoa 1888 1935 The aim is to present a holistic vision of this complex poet promoting his literary geniality in order to better understand his orthonymic heteronymic poetry A guiding motif is Pessoa's own *Be as plural as the universe* In leading the reader through the poet's published literary work Jerónimo Pizarro allows an intimate perspective alongside an academic one to better understand the workings of Pessoa's mind and life Discussion centres on the dilemmas an editor faces when editing posthumously A prime question revolves around the genesis of Pessoa's heteronyms and orthonyms Understanding is revealed by a critical perspective on the unity that exists in all of Pessoa's literary work Interpretations of the poems explanation of the profundity of *The Book of Disquiet* and his isms of Paulism Caeirism Intersectionism and Cessationism are discussed and analysed The issue of Pessoa's astrological predictions his birth year and the effects of this event on Portuguese national history is debated A chapter is devoted to the effect that translating Omar Khayyam's *Rubáiyat* had on the poet The work contains eleven texts written by Pessoa in English including an autobiographical note from 1935 a substantive dual language bibliography and is highly illustrated with facsimiles of the poet's own written material A Critical Introduction is essential reading for all scholars and

students of Pessoa's literary output and life circumstances. The work has been written to appeal to cultural studies arts and aesthetics enthusiasts in general at both undergraduate and postgraduate level but given the engagement of new critical material it also provides a structured resource for future research. Global Portuguese, 2025-05-22. Global Portuguese results from conferences convened at the University of London School of Advanced Study to highlight legacies of Portuguese empire in postcolonial societies. Its chapters trace Portuguese legacies from the early modern to contemporary period through history anthropology language literature linguistics and cuisine. There are sections devoted to sociolinguistic and anthropological method and studies on Thailand Sri Lanka Goa Macau Brazil Angola Indonesia São Tomé and Príncipe and Zambesia. Contributors are Matthias R. H. Assunção, Dorothée Boulanger, Silvia Figueiredo Brandão, David Brookshaw, Paul Melo e Castro, Augusto Soares da Silva, Shihan de Silva Jayasuriya, Stefan Halikowski Smith, Annabel Jackson, Ivana Stolze Lima, Selina Patel, Nascimento Malyn Newitt, Gerhard Seibert, Andrzej Stuart Thompson, Raan Hann Tan and Silvia Rodrigues Vieira.

Literary Simulation and the Digital Humanities Manuel Portela, 2022-02-10. How can we use digital media to understand reading editing and writing as literary processes? How can we design the digital medium in a way that goes beyond the printed codex? This book is an attempt to answer those fundamental questions by bringing together a new theory of literary studies with a highly dynamic digital environment. Using the digital archive of the modernist masterpiece *Book of Disquiet* by the Portuguese writer Fernando Pessoa (1888-1935) as case study and site for simulation and practical experiment, *Literary Simulation and the Digital Humanities* demonstrates how computational approaches to texts can fully engage with the complexities of contemporary literary theory. Manuel Portela marshals a unique combination of theoretical speculation, literary analysis and human imagination in what amounts to a significant critical intervention and a key advance in the use of digital methods to rethink the processes of reading and writing literature. The foregrounding of the foundational practices of reading editing and writing will be relevant for several fields including literary studies, scholarly editing, software studies and digital humanities. *Modernism Today* S. J. Houppermans, Pete Liebrechts, Jan Baetens, Otto Boele, 2013-10-25. This book manifests at least four recent shifts and tendencies within Modernist studies in general that point at the expansion of this increasingly interdisciplinary field. First, Modernist studies has seen a temporal expansion to the extent that scholars in the field have come to turn to both the pre and posterior history of Modernism. Second, the field has witnessed a spatial expansion in that increasingly so researchers have also come to scrutinize the Modernisms of regions at the fringes of Europe and beyond. Thirdly, a vertical expansion too has marked Modernist studies in recent decades not only by further expanding the canon of women writers and exploring the continuum between high and lowbrow but also by looking at the artistic and mediatized hierarchies and cross fertilizations operative in the period. A fourth conceptual expansion of the field shows that whereas concepts such as middlebrow, *arri re garde* and to some extent even *avant garde* were once exotic notions of at best marginal importance in European Modernist studies, they now form part and parcel of the field, complicating and expanding it.

conceptually *Manual of Brazilian Portuguese Linguistics* Johannes Kabatek, Albert Wall, 2022-10-24 This manual is the first comprehensive account of Brazilian Portuguese linguistics written in English offering not only linguists but also historians and social scientists new insights gained from the intensive research carried out over the last decades on the linguistic reality of this vast territory In the 20 overview chapters internationally renowned experts give detailed yet concise information on a wide range of language internal as well as external synchronic and diachronic topics Most of this information is the fruit of large scale language documentation and description projects such as the project on the linguistic norm of educated speakers NURC the project Grammar of spoken Portuguese and the project Towards a History of Brazilian Portuguese PHPB among others Further chapters of high contemporary interest and relevance include the study of linguistic policies and psycholinguistics The manual offers theoretical insights of general interest not least since many chapters present the linguistic data in the light of a combination of formal functional generative and sociolinguistic approaches This rather unique feature of the volume is achieved by the double authorship of some of the relevant chapters thus bringing together and synthesizing different perspectives Fernando Pessoa and Nineteenth-century Anglo-American Literature George Monteiro, 2000 **Pessoa in an International Web** David G. Frier, 2017-12-02 Fernando Pessoa 1888 1935 is Portugal's most celebrated poet of the twentieth century who wrote under the guise of dozens of literary personalities or heteronyms As well as his poetry however his work is marked by a constantly inventive and innovative engagement with authors and literary traditions from an astonishing variety of sources placing him firmly in the worldwide literary canon The present volume brings together a number of experts at the forefront of Pessoa studies internationally with chapters examining his literary relations with Italy Spain France England and Portugal as well as his contextualisation in relation to major philosophers such as Kant and Nietzsche It features essays examining his work from a range of perspectives to complement the multi faceted nature of Pessoa himself psychoanalytical philosophical political and artistic and it includes consideration of his prose masterpiece *The Book of Disquiet* as well as of various aspects of his poetic oeuvre **Embodying Pessoa** Anna Klobucka, Mark Sabine, 2007-12-15 The multifaceted and labyrinthine oeuvre of the Portuguese poet Fernando Pessoa 1888 1935 is distinguished by having been written and published under more than seventy different names These were not mere pseudonyms but what Pessoa termed heteronyms fully realized identities possessed not only of wildly divergent writing styles and opinions but also of detailed biographies In many cases their independent existences extended to their publication of letters and critical readings of each other's works and those of Pessoa himself Long acclaimed in continental Europe and Latin America as a towering presence in literary modernism Pessoa has more recently begun to receive the attention of an English speaking public *Embodying Pessoa* responds to this new growth of interest The collection's twelve essays preceded by a general introduction and grouped into four themed sections apply a range of current interpretative models both to the more familiar canon of Pessoa's output and to less familiar texts in many cases only recently published As a whole this work

diverges from traditional Pessoa criticism by testifying to the importance of corporeal physicality in his heteronymous experiment and to the prominence of representations of gendered sexuality in his work *Fernando Pessoa and Philosophy* Bartholomew Ryan, Giovanbattista Tusa, Antonio Cardiello, 2021-10-21 This pioneering volume explores the extraordinary Portuguese poet Fernando Pessoa 1888 1935 and his relationship to philosophy On the one hand this book reveals Pessoa's serious knowledge of philosophy and playful philosophical explorations and how he has the gift of synthesizing appropriating and subverting complex ideas into his art and on the other hand the chapters shed new light on central aspects and problems of philosophy through the prism of Pessoa's diverse writings The volume includes sixteen new essays from an international group of scholars analyzing Pessoa's multifaceted poetic work alongside philosophical themes and movements from conceptions of time ancient and modern aesthetics philosophy of language transcendentalism immanence and nihilism to Islamic philosophy Indian philosophy Daoism neo paganism and the philosophy of the self The breadth of his work provides a springboard for new thinking on the aesthetic and the spiritual the logic of value and capitalist modernity and ecological thought and postmodernism The volume also includes the most complete English translation of Pessoa's text written by his heteronym Ivaro de Campos called Notes for the Memory of my Master Caeiro *Homenagem a Alexandrino Severino* Margo Milleret, Marshall Craig Eakin, 1993 Alexandrino Severino helped make the Portuguese department at Vanderbilt University one of the best in the nation His life and work took him to four continents on both sides of the Atlantic world In addition to seminal books on Fernando Pessoa Severino published articles on a wide array of topics from language teaching to English literature This volume of essays is a tribute to a scholar who not only shaped his field of study but all the people who came into contact with him **British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain**, 1991 **Obsession, Aesthetics, and the Iberian City** Benjamin Fraser, 2022-01-17 Although many depictions of the city in prose poetry and visual art can be found dating from earlier periods in human history Obsession Aesthetics and the Iberian City emphasizes a particular phase in urban development This is the quintessentially modern city that comes into being in the nineteenth century In social terms this nineteenth century city is the product of a specialist class of planners engaged in what urban theorist Henri Lefebvre has called the bourgeois science of modern urbanism One thinks first of the large scale and the wide boulevards of Baron Georges von Haussmann's Paris or the geometrical planning vision of Ildefons Cerdà's Barcelona The modern science of urban design famously inaugurates a new way of thinking the city urban modernity is now defined by the triumph of exchange value over use value and the lived city is eclipsed by the planned city as it is envisioned by capitalists builders and speculators Thus urban plans architecture literary prose and poetry documentary cinema and fiction film and comics art serve as windows into our modern obsession with urban aesthetics This book investigates the social relationships implied in our urban modernity by concentrating on four cities that are in broad strokes representative of the cultural and linguistic heterogeneity of the Iberian peninsula Each chapter introduces but moves well

beyond an identifiable urban area in a given city noting the cultural obsession implicit in its reconstruction as well as the role of obsession in its artistic representation of the urban environment These areas are Barcelona s Eixample district Madrid s Linear City Lisbon s central Baixa area and Bilbao s Seven Streets or Zazpikaleak The theme of obsession which as explored is synonymous with the concept of partial madness provides a point of departure for understanding the interconnection of both urbanistic and artistic discourses

Adverse Genres in Fernando Pessoa K. David Jackson, 2010-08-25 Poet short story writer feverish inventor Fernando Pessoa was one of the most innovative figures shaping European modernism Known for a repertoire of works penned by multiple invented authors which he termed heteronyms the Portuguese writer gleefully subverted the notion of what it means to be an author Adverse Genres in Fernando Pessoa offers an introduction to the fiction and the profusion of selves that populates the enigmatic author s uniquely imagined oeuvre To guide readers through the eclectic work fashioned by Pessoa s heteronyms K David Jackson advances the idea of adverse genres revealing genre clashes to be fundamental to the author s paradoxical and contradictory corpus Through the invented coterie of authors Pessoa inverted the usual relationships between form and content authorship and text In an inspired paradoxical and at times absurd mixing of cultural referents Pessoa selected genres from the European tradition Ricardo Reis s Horatian odes Ivaro de Campos s worship of Walt Whitman Alberto Caeiro s pastoral and metaphysical verse and Bernardo Soares s philosophical diary into which he inserted incongruent contemporary ideas By creating multiple layers of authorial anomaly Pessoa breathes the vitality of modernism into traditional historical genres extending their expressive range Through examinations of A Very Original Dinner the Cancioneiro love letters to Ophelia Queir s The Adventure of the Anarchist Banker Pessoa s collection of quatrains derived from Portuguese popular verse the Book of Disquietude and the major poetic heteronyms Jackson enters the orbit of the artist who exchanged a normal life for a world of the imagination
