Pfenninger and Fowler's Procedures for Primary Care 3rd Edition is a comprehensive how to resource offering step by step strategies for nearly every medical procedure that can be performed in an office hospital or emergency care facility by primary care clinicians. Designed for everyday practice, the outline format allows speedy reference while the detailed text and clear illustrations guide you through each procedure. The new edition of this best selling book features full color illustrations and easy access to the complete contents and illustrations, patient forms, and more online at www.expertconsult.com. Understand how to proceed step by step thanks to detailed text and illustrations. Locate critical information at a glance with numerous boxes and tables. Use the book for years with minimal wear and tear thanks to its sturdy cover. Patient education handouts to educate, save time, and reduce liability. Coding guidelines included. This best selling text now includes full color photos and new sections on Aesthetic and Hospitalist Procedures in addition to an update of all the previous procedures discussed in prior editions. Access the complete contents and illustrations online, download patient education handouts and consent forms, view lists of device manufacturers, and more at www.expertconsult.com. Offer your patients a variety of cosmetic procedures using lasers and pulsed light devices including individual chapters on procedures for hair removal, photorejuvenation, skin tightening, and skin resurfacing, and tattoo removal, botulinum toxin, as well as new coverage of cosmeceutical skin care, tissue fillers, and photodynamic therapy. Master new procedures such as maggot treatment for chronic ulcers, endovenous vein closure, stress echo, insertion of the contraceptive capsule Implanon, and tubal implant Essure, musculoskeletal ultrasound, no needle no scalpel vasectomy, procedures to treat acute headaches, and more. Don't worry! All the more basic office procedures are still included with improved and updated discussions. Pfenninger and Fowler provide the latest and most comprehensive information on medical procedures that allow primary care physicians to more effectively treat their patients.

Delmar's Administrative Medical Assisting Wilburta Q. Lindh, Marilyn S. Pooler, Carol D. Tamparo, 1997. Delmar's complete learning system prepares students to become multiskilled medical assistants for the 21st Century. This new full color administrative medical assisting textbook is part of a dynamic learning system that includes free skills CD ROM, bound in the text, workbook, and instructor support materials. Together, these learning tools integrate essential and advanced competencies set forth by the AAMA's Role Delineation study, emphasizing clinical procedures, interpersonal communications, and changes in the health care setting including Standard Precautions and managed care. The text is written not by just one or two individuals but by twenty talented experts who provide students with a thorough understanding of administrative medical assisting fundamentals. The entire learning system is complemented by real life characters and scenarios from the field of medical assisting, a feature not found in any other text.
