Consumer Behavior in Action Geoffrey Paul Lantos, 2015-01-28 Consumer Behavior in Action is a down to earth highly engaging and thorough introduction to consumer behavior It goes further than other consumer behavior textbooks to generate student interest and activity through extensive use of in class and written applications exercises Each chapter presents several exercises in self contained units each with its own applications Learning objectives background and context are provided in an easy to digest format with liberal use of lists and bullet points Also included in each chapter are a key concepts list review questions and a solid summary to help initiate further student research The author's practical focus and clear conversational writing style combined with an active learning approach make this textbook the student friendly choice for courses on consumer behavior

Consumer Behaviour in Sport and Events Daniel Funk, Kostas Alexandris, Heath McDonald, 2008-10-23 Consumer Behaviour in Sport and Events emphasises the role of consumer behaviour in sport marketing Given the social economic and environmental benefits of sport events the challenge for marketers is to understand the complexity of sport and event participation Through a heightened understanding of consumer behaviour marketers are able to develop communication strategies to enhance the experience while identifying key elements of the consumer's decision making process This book provides students and industry professionals with the knowledge and skills necessary to meet the current marketing challenges facing professionals working in the sport and event industries This comprehensive text covers a wide range of determinants that influence both active recreation and passive spectator participation and offers the reader A detailed understanding of the personal psychological and environmental factors that influence sport and event related consumer behaviour A basis for the development of marketing actions useful in sport and related business community and government sectors A comprehensive understanding

of how individuals associate themselves with sport and event products and services A quick and simple segmentation tool to guide discussion of marketing actions and strategies for four stages of involvement with sport and events A comprehensive events checklist to help understand marketing actions related to the development promotion and delivery of a sport event Sport and event consumer behaviour is a rapidly growing area of interest and this book is considered a valuable resource for those involved in the sport and events industries from students to marketers to academics *Consumer Behavior* John C. Mowen, Michael Minor, 1998 Intended for an undergraduate audience this text covers the theory and practice of advertising and promotion *Applied Consumer Psychology* 2005 Ed. , *International Journal of Management and Transformation: Vol.6, No.1* , **The 3M Model of Motivation and Personality** John C. Mowen, 2013-03-14 Integrating control theory evolutionary psychology and a hierarchical approach to personality this book presents a new approach to motivation personality and consumer behavior Called the 3M which stands for Meta theoretic Model of Motivation this theory seeks to account for how personality traits interact with the situation to influence consumer attitudes and actions The book proposes that multiple personality traits combine to form a motivational network that acts to influence behavior Mowen argues that in order to understand the causes of enduring behavioral tendencies one must identify the more abstract traits underlying surface behaviors In constructing the 3M model the author reports data from fifteen empirical studies employing over 3500 respondents In this hierarchical model four types of personality traits are identified elemental compound situational and surface traits Eight elemental traits are proposed as forming the underlying dimensions of personality Consistent with control theory the research reveals that the elemental traits combine to form compound traits such as self efficacy task orientation playfulness and competitiveness These elemental and compound traits combine with situational influences to cause enduring behavioral tendencies within general situational contexts Examples of situational traits investigated include impulsive buying value consciousness sports interest and health motivation In the 3M model the elemental compound and situational traits combine to yield surface traits which are enduring dispositions to act in specific behavioral contexts Five surface traits are empirically investigated in the book compulsive buying sports participation healthy diet lifestyles proneness to bargaining and a tendency to frugality Across these five studies the empirical results reveal that the 3M model accounts for over 44% of the variance in the surface trait measures By presenting a new meta theory of motivation and personality that is testable Mowen s 3M model accounts for high levels of variance in consumer behavior By integrating the work of selected past and current theorists into a comprehensible whole the 3M model provides coherence in a field currently dominated by conflicting ideas theories and approaches The book provides evidence that by understanding the individual dispositions that underlie consumer behavior public policy officials and marketing specialists can develop better communication programs to influence and persuade their target audiences The book shows how to employ the 3M model to segment the marketplace provide psychographic inventories position brands create promotional themes and develop brand
