**Grammar of the German Language** H. C. G. Brandt, 2015-06-02 Excerpt from Grammar of the German Language For High Schools and Colleges Designed for Beginners and Advanced Students This is the first thoroughly revised edition Of the criticisms of this work I have been able to accept and embody especially those of Professor A L Ripley of Yale College and of Professor Geo O Curme of Cornell College Iowa to both of whom I express my sincere thanks The strictures made upon my classification of nouns and upon the standard of pronunciation I do not think well founded The classification of nouns is historical and scientific If the standard pronunciation should finally settle upon kh jh 375 for g and not upon k surd stop nothing would please me better Hard g except after n is a bitter pill for a North German To the objection that the work is too concise let me say that I have tried to make it concise The Accidence and Part II were once as large again as they are now The first contained too much syntax until following the excellent method of the French grammarians I resolved to separate entirely inflection and syntax I have in this edition transferred several paragraphs from Part I to Part II Part II is a historical foundation broad enough for Part I to rest upon It is not intended to be a minute historical reference grammar for teachers and specialists only The word index has been very much enlarged About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
