## Get Your Project:

**App Accomplished** Carl Brown, 2015 Today successful apps are complex software projects You can't just knock them off in a weekend and worse many common programming habits don't work well in mobile You need skills processes tools management techniques and best practices that are honed for mobile platforms and realities In *App Accomplished* top mobile developer Carl Brown provides all that so you can run your entire project effectively and get the answers you need right now Whether you're writing your own code or contracting out you'll find hard won guidance for your entire app development life cycle Brown guides you step by step from planning and design through testing and updates Through case studies drawn from his immense experience he reveals why so many app projects fail and how to avoid the mistakes that derailed them When it comes to apps a great idea isn't enough You have to execute This is the first book that shows you how Understand mobile specific issues that lead even experienced developers astray Find developers who can do a great job with your unique app at a fair price Define the requirements you need to create accurate schedules and budgets Work with developers to get the best possible results Manage and communicate effectively to avoid cost overruns Solve problems before they get out of control Develop wireframes and prototypes that clarify the user's core experience Choose app components from servers to data storage Select tools for source control testing project tracking and more Identify and fill crucial skills gaps Estimate the quality of the app you're building Efficiently test and debug your app Recover from App Store rejection Leverage user feedback to help plan your next release Determine when an existing project is too far off course to fix Publisher *Home Renovation & Getting It Built* Jonathan Drane, How the construction process works Are You New To Home Renovation Are You Planning A Home Renovation Don't Know How The Building Work Gets Done Are you not sure who to ring first Would you like to learn how the build works and the processes you need to know to support it This guide introduces to the essential areas you need to know about the construction process Essential reading for the new home renovator this guide is brought to you by an ex builder *Solutions Galore* Dale Stubbart, Most of us see the world as a mess of Problems There's Global Warming or more politically correct Global Climate Change or more technically correct Comprehensive Climate Chaos And besides that last one is alliterative each word starts with the same letter There's overpopulation There's increasing homelessness houselessness and poverty There's disparity job loss and permanent unemployment The ocean's becoming a garbage dump the Great Barrier Reef is dying and the seas are overfished There are wars The political parties are at each other's throats And there are too many guns in the hands of dangerous criminals I could keep going However you are probably already suffering from mild depression having just read the above And I'm now a basket case Yes the world is full of Problems Notwithstanding the world is also full of Solutions It's hard to find Solutions in the news The media focuses on Problems For some reason they think that will drive readership viewership up So you really have to search for any good news And Solutions are even harder to spot In spite of that good things are happening in the world Enough Electric Vehicles are

being sold in the US that in 2019 incentives for buying a Tesla started to be phased out Renewable Energy is on the rise Even though the world population continues to rise several countries are seeing population decline Miracles are being discovered to help restore the Great Barrier Reef and to extract plastic from the ocean Solutions are even being unearthed which can prevent Comprehensive Climate Chaos Feeling a little better Great It s daybreak It s time for us to start seeing a world of Solutions Galore It s time to jump onto the Solutions Bandwagon For every Problem there are a myriad of Solutions Quite often you only need to discover one The purpose of Solutions Galore is to present methods to Solve Problems There are Solutions in this book mostly by way of example But that is not the main purpose of this book The purpose is to help you more easily Create Solutions to any Problem

**Getting the Grant** Rebecca Gajda,Richard Tulikangas,2005-08-15 Grant writing is not as daunting a task as it may seem at least not when you have experts to guide you In the first half of this book the authors explain what every grant writer needs to know and do to successfully secure funding You will learn the following How to locate different kinds of grant sponsors How to understand the Request for Proposals RFP How to write a persuasive proposal The second part of the book begins where most books on grant writing end Gajda and Tulikangas lead you through the steps to take immediately after a grant is awarded and the steps needed for long term sustainability They show you how to negotiate a budget develop a media plan and establish an organizational structure They explain how to create an evaluation plan and how to develop indicators of success The result is a clear blueprint for success as a grant writer and project manager By book s end you will enthusiastically agree with the authors You can do this
