driven I m an expert mentality and sophisticated expectations of how things ought to be Success is about finding the easiest most efficient means of accomplishing a task or goal True success is about having the time to enjoy life the freedom to treat others fairly and the opportunity to make a difference in everything that we do Common sense tells us that the shortest distance between any point is a straight line Common sense tells us that effectiveness comes from finding the simplest way of doing something Common sense has a lot to tell us In fact it can teach us everything we need to know about life business and success Are you ready to learn why the finer things in life are the simplest things Come with me as we journey to discover how simply applying some common sense to our lives can change the world      **Nurse as Educator** Susan Bacorn
