

Getinge Infection Control is the world leading provider of solutions for sterile processing in the healthcare sector. We aim to ensure the highest quality and safety at the lowest total cost. We offer complete solutions for a seamless work-flow, reducing the risk of contamination while helping healthcare to increase efficiency.

The Getinge K-series is a range of fully automatic tabletop steam sterilizers for general dental, hospital and small clinic use. They have preset programs for the most common sterilization goods. Depending on the program selected, the mechanical air removal is either with gravity pulses or a series of vacuum pulses. The chamber dimensions are adapted to sterilization using trays, baskets or other accessories specially made for the chamber size.

## Application

A sterilizer for general purpose steam sterilization of instruments, needles and hospital utensils at dental clinics, ED/IC departments, central sterilization departments, operation departments, laboratories, tattoo and piercing studios and laboratories. The temperature range is 110-135 °C with heating by steam from a unique, integrated, electrically heated steam generator.

## Quality Statement

Confidence in the Getinge Group is the most important quality criteria. This is the fulcrum of all our external and internal commitments, activities and products. Products and services supplied by Getinge conform to the agreed terms and expectations. The achievement of these quality goals is the basis for continued competitive and successful enterprises.

## Standards and Codes

The Getinge K-series sterilizers comply with relevant standards, codes and directives in the country or region of installation. The equipment is manufactured in accordance with industry requirements and standards. A Declaration of Conformity, stating the relevant standards, codes and machine directives with which the equipment complies, is available on request.
