, **Historical Records of New South Wales: King, 1803-1805** New South Wales, 1897 Unlimit Greg Bird, Daniela Calabrò, Dario Giugliano, 2018-12-14T00:00:00+01:00 Many voices today call for a profound rethinking of European identity If we wish to answer their call however it is necessary to start with a reconsideration of the notion of boundaries particularly as they are at work in the Mediterranean region The knowledge and cultural values of the Mediterranean may be the driving force able to overcome the impasse from which Europe seems unable to free itself This volume focuses on the opportunity to employ Mediterranean knowledge and cultural values as a stimulus for the review of European policies in the interest of creating a solid bridge between different cultural legacies and over the daunting challenges of our shared future This means being able to stay simul outside and inside the borders within and beyond the unlimit looking for an image of Europe which finally stops thinking about the Mediterranean as its internal vulnus as its lesion and contamination This volume suggests how it is possible to think both inside and outside of borders combining the foreign forces of promiscuity exchange latency expectancy and hope with a domestic circulation of thought and knowledge in the interest of a defense of all cultures and of an egalitarian recognition of the right to dignity *Reports of the Supreme Court of Canada* Canada.
