Hp G7000 Compaq Presario C700 Service And Repair Guide:

Computer Service and Repair Richard M. Roberts, 2002-04 *Computer Service and Repair* presents the most up to date information in the rapidly changing world of computers and their software. The text teaches the practices and principles needed to pass the A Certification exam as well as to build, upgrade and troubleshoot your personal PC. The text is written for students with limited or no PC technical experience as well as for PC technicians with limited formal training. Each chapter covers the latest in hardware and software as well as legacy items that may be found in the field. Chapters cover all the major areas of the PC; an additional three chapter section is devoted to networking. Laboratories are found in both the text and the Laboratory Manual for the important hands on training needed for this field. This textbook is an ideal starting point for anyone who wishes to enter the field of PC repair and support. **Computer Service and Repair, Instructor's Manual** Richard M. Roberts, 2008-04 Provide numerous instructional resources that support each chapter of the textbook including teaching strategies, test masters, answer keys, introductory activities, reproducible masters and additional resources. All of the resources for teaching each chapter are conveniently grouped together. **Computer Service And Repair** Richard M. Roberts, 2005-06-30
