

Environmental Science Study Guide: Human Population and Geography

Glossary

Students use the glossary to help understand these terms:

1. **Demographics** – The study of human population, how it grows, and how it changes.
2. **Demographic Trends** – Changes in population over time, such as birth and death rates.
3. **Carrying Capacity** – The maximum number of individuals an environment can support.
4. **Human Geography** – The study of how human activities and interactions are distributed across the Earth's surface.
5. **Population Density** – The number of people living in a specific area.
6. **Population Growth** – The increase in the number of people in a population over time.
7. **Population Pyramid** – A graph showing the distribution of a population by age and sex.
8. **Migration** – The movement of people from one place to another.
9. **Immigration** – The movement of people into a country or area.
10. **Emigration** – The movement of people out of a country or area.
11. **Population Policy** – Government actions to influence the size and structure of a population.
12. **Population Pressure** – The strain on resources caused by a large population.

Critical Thinking

Students read, analyze, and give answers to questions about these:

1. **What are the similarities and differences between developed and developing countries?**

	Developed Countries	Developing Countries	Similarities	Differences	Population Trends
Developed	High income, stable population, high life expectancy, high technological development.	Lower income, growing population, lower life expectancy, lower technological development.	Both are part of the world's population.	Developed countries have higher per capita income.	Developed countries have a declining population.
Developing	Lower income, growing population, lower life expectancy, lower technological development.	Higher income, stable population, high life expectancy, high technological development.	Both are part of the world's population.	Developing countries have lower per capita income.	Developing countries have a growing population.

2. **What are the similarities and differences between developed and developing countries?**
3. **What are the similarities and differences between developed and developing countries?**
4. **What are the similarities and differences between developed and developing countries?**
