Hurricanes and Society in the British Greater Caribbean, 1624-1783 Matthew Mulcahy, 2008-08-11 Hurricanes created unique challenges for the colonists in the British Greater Caribbean during the seventeenth and eighteenth centuries These storms were entirely new to European settlers and quickly became the most feared part of their physical environment destroying staple crops and provisions leveling plantations and towns disrupting shipping and trade and resulting in major economic losses for planters and widespread privation for slaves In this study Matthew Mulcahy examines how colonists made sense of hurricanes how they recovered from them and the role of the storms in shaping the development of the region s colonial settlements *Hurricanes and Society in the British Greater Caribbean 1624 1783* provides a useful new perspective on several topics including colonial science the plantation economy slavery and public and private charity By integrating the West Indies into the larger story of British Atlantic colonization Mulcahy s work contributes to early American history Atlantic history environmental history and the growing field of disaster studies **The Rudder** Thomas Fleming Day, 1927

Mellichampe** William Gilmore Simms, 1882 *Lines of Scrimmage* Joe Oestreich, Scott Pleasant, 2015-08-14 As in many small towns in the South folks in Conway South Carolina fill the stands on fall Fridays to cheer on their local high school football squad In 1989 with returning starter Carlos Hunt at quarterback and having finished with an 8 4 record in 1988 hopes were high that the beloved Tigers would win their first state championship But during spring practice Coach Chuck Jordan who is white

benched Hunt who is black in favor of Mickey Wilson an inexperienced white player Seeing this demotion of the black quarterback as an example of the racism prevalent in football generally and in Conway specifically thirty one of the team s thirty seven black players under the guidance of H H Singleton pastor of Cherry Hill Missionary Baptist Church and president of the local NAACP boycotted the team in protest The season long strike severed the town along racial lines as it became clear that the incident was about much more than football It was about the legacy of slavery and segregation and Jim Crow and other points of tension and oppression that many people in Conway and the South had wrongly assumed were settled While the 1989 season is long over the story reverberates today Chuck Jordan is still coaching at Conway High and he s still without that state championship Meanwhile Mickey Wilson is now coaching Conway s fiercest rival the Myrtle Beach Seahawks In the annual Victory Bell Game between Conway and Myrtle Beach the biggest contest of the year for both teams a veteran coach and his young prot g compete against each other against the backdrop of a racial conflict that bitterly divided a small southern town

Guinn,G. H.

Bennett,2007-07-20 On the outcome of the Battle of the Atlantic from 1939 to 1945 depended Britain s survival in the midst of a global war The need to control the sealanes to Britain was mirrored by a need to control the skies above Carrier based aircraft and seaplanes would play an important role in defeating the German submarine menace and in combating her surface fleet However at the start of World War II Britain possessed neither the training or industrial establishment necessary to develop this arm of warfare From 1940 onwards the United States provided answers to the problem firstly in the form of American built aircraft then American built aircraft carriers and finally American trained pilots Even before the Japanese attack on Pearl Harbor Royal Air Force and Fleet Air Arm pilots were being trained in the United States under a scheme set up by the United States Navy as part of the Lend Lease agreement In the safer skies over the United States American Navy pilots would train British aviation cadets how to fly and to fight This process is examined from a variety of different perspectives including the military diplomatic educational and cultural For many young British aviation cadets the journey across the Atlantic and across America was as surprising as it was lengthy Many would find themselves caught up with issues such as segregation in the American South of which they had little understanding The book is based on interviews and correspondence with hundreds of former cadets who trained in the United States in the 1940s together with material from the British and American archives *Navgerivs* Arthur Wellesley Secord,Clarence George Lowe,Girolamo Fracastoro,John Bradford Titchener,1924 **The Leatherneck** ,1996 *University of Illinois Studies in Language and Literature* ,1924 **Coming Through** Kincaid Mills,Genevieve C.
