

Theme Of Jealousy In Othello By William Shakespeare

"Jealousy, a very powerful characteristic which is present in every human being on this planet, this attribute leads to negative events which can destroy relationships and consume the mind this can simply turn into anger and overcome the victim and make them do things that are not in their power. This is not absent in Othello and is shown constantly throughout the play. This trait has been shown within every character in different ways and are all victims of this of this attribute. Jealousy is the motivating force behind the vengeful actions taken by Iago. Jealousy creates power struggles, his mistrust between his and his loved ones and results in him losing what he loves the most"

"Throughout the play Iago struggles to keep his power at what it was at and control certain people so he can have more power. He displays jealousy very quickly from the beginning of the play; his thoughts of jealousy quickly changed and got into thoughts of revenge. As he attempts to do this he struggles various times with many of the characters. His plan is to achieve the greatest power but he fails to do so.

As Cassio had taken Iago's position as lieutenant he had built up hatred and jealousy for Cassio and planned" on taking revenge against him as he says "One Michael Cassio, a Florentine/ A fellow almost damn'd in a fair wife (Othello, Act 1 scene 1, 20-21)" This quote shows that Iago is jealous of Cassio because he has taken his job spot as a lieutenant which frustrates Iago, this later leads Iago to take action and he plans revenge against Cassio which he will do slowly by getting Othello trust and attention and will make Othello look down upon him.

"How poor are they that have not patience! What wound did ever heal but by degrees?/Thou know'st we work by wit and not by witchcraft/ And wit depends on dilatory time./Does't not go well? Cassio hath beaten thee./And thou, by that small hurt, hath cashiered Cassio/Though other things grow fair against the sun./Yet fruits that blossom first will first be ripe./Content thyself awhile. In troth, 'tis morning./Pleasure and action make the hours seem short./Retire thee, go where thou art billeted./Away, I say, thou shalt know more hereafter./Nay, get thee gone." (Othello Act 2 scene 3 , 340-352) Iago can now sense that Rodrigo does not need his help and is thinking about going back to Venice, with this we can see Iago is now having power struggles and is going to lose one of his men.

Iago reacts back to this to keep his power where it is at by questioning Roderigo's manhood and makes fun of him. Iago has had many power struggles but he tried to maintain it throughout the play but he could not keep it up throughout the whole play. Trust plays a major part within this play. Jealousy between characters causes mistrust and creates major conflicts. Iago's jealousy causes mistrust in Othello, he made him believe with false facts that Othello's wife Desdemona has

Sway of the Ottoman Empire on English Identity in the Long Eighteenth Century Emily Kugler, 2012-02-17 This book challenges concepts of an ahistorically powerful England and shows both that the intermingling of Islamic and English Protestant identity was a recurring theme of the eighteenth century and that this cultural mixing was a topic of debate and anxiety in the English cultural imagination It charts the way representation of England and the Ottomans changed as England grew into an imperial power By focusing on texts dealing with the Ottomans the author argues that we can observe the turning point in public perceptions the moments when English subjects began to believe British imperial power was a reality rather than an aspiration
