## **Jesus Humanity And The Trinity A Brief Systematic Theology:**

*Jesus, Humanity and the Trinity* Kathryn Tanner, Tanner offers not a repetition of doctrines but a creative synthesis of key Christian principles especially the transcendence and gift giving of God and contemporary experience What emerges is a profound yet precise vision of creation God's life and our participation in it While consonant with traditional teachings Tanner's dynamic speculative theology is universal in its range mystical in its outlines and deeply ethical in its relations with all God's gifted creatures Jesus Humanity and the Trinity not only takes stock of Christian belief in a time of tumultuous intellectual and cultural change It also finds in that ferment a life giving meaning and mission for Christian life Christ the Key Kathryn Tanner, 2009-12-10 Through the intensely intimate relationship that arises between God and humans in the incarnation of the Word in Christ God gives us the gift of God's own life This simple claim provides the basis for Kathryn Tanner's powerful study of the centrality of Jesus Christ for all Christian thought and life if the divine and the human are united in Christ then Jesus can be seen as key to the pattern that organizes the whole even while God's ways remain beyond our grasp Drawing on the history of Christian thought to develop an innovative Christ centered theology this book sheds fresh light on major theological issues such as the imago dei the relationship between nature and grace the Trinity's implications for human community and the Spirit's manner of working in human lives Originally delivered as Warfield Lectures at Princeton Theological Seminary it offers a creative and compelling contribution to contemporary theology

Torrance** Kate Tyler, 2019-08-12 This book provides a constructive analysis of Thomas F Torrance's ecclesiology Holding the doctrine of the Trinity to be the ground and grammar of theology Torrance viewed the doctrine of the Trinity as foundational for all ecclesiological reflection What does it

mean to be the people of the God whom Christians name as Father Son and Spirit Tyler examines Torrance's development of the rich potential of the metaphor koinonia involving both a vertical dimension the Church's union with Christ through the Spirit and a horizontal dimension its visible existence in human history lived out in space and time and considers how the relationship between these two dimensions informs the structured forms of the Church's life its ecumenical breadth and its missional vision

**The Omnipresence of Jesus Christ** Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA

***Justification and the Gospel*** R. Michael Allen, 2013-11-19 Seeking to move beyond current heated debates on justification this accessible introduction offers a fresh alternative approach to a central theological topic Michael Allen locates justification within the wider context of the gospel allowing for more thoughtful engagement with the Bible historical theology and the life of the church Allen considers some of the liveliest recent debates as well as some overlooked connections within the wider orbit of Christian theology He provides a historically informed ecumenically minded defense of orthodox theology analyzing what must be maintained and what should be reconfigured from the vantage point of systematic theology The book exemplifies the practice of theological interpretation of Scripture and demonstrates justification's relevance for ongoing issues of faith and practice

***The Implicit Theology of the Lord's Prayer*** Jan Muis, 2021-01-15 The postmodern and secular culture of the West requires a new reflection on God The Implicit Theology of the Lord's Prayer A Biblical and Theological Investigation reflects on God on the basis of an original and central expression of the Christian faith the Lord's Prayer First Jan Muis interprets the divine names central to this prayer in their biblical contexts Next Muis understands the divine attributes implied by these names from the biblical narrative of God's self-revealing actions and explains them in a contemporary framework God's Name indicates his particular personal presence and encounter with human beings The holiness of God's Name and the justice of his Kingship are more than just aspects of the love of the Father the Son and the Spirit The Creator is not a human blown large in his companionship with humans he remains the Exalted who lives both within and beyond created temporal reality In the context of a secular age Muis discusses in what sense this God exists

**A Politics of Grace** Christiane Alpers, 2018-04-19 Christiane Alpers discusses the contribution and role

Christian theology plays in developing of the democratic life in post Christendom societies She discusses the three major approaches to this debate public theology Radical Orthodoxy and post liberal Protestantism in order to illustrate the shared assumption that such an enhancement should be understood in terms of solving existing political problems The volume builds on and combines public theology s aspiration to craft a non triumphant political theology fit for a post Christendom context Radical Orthodoxy s hesitancy to embrace secularism as neutral centre for present democracies as well as post liberalism s Christocentric outlook Alpers engages with a wide variety of thinkers such as John Milbank Graham Ward John Howard Yoder Kathryn Tanner and Edward Schillebeeckx to suggest that a political theology in the post Christendom context could build on the faith that Christ alone has redeemed the whole world
