**Masculinities in Post-Millennial Popular Romance** Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero s masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender In the majority of these narratives the hero is often presented as a hegemonic alpha male However hegemonic masculinity is not a fixed concept Rather it is subject to

continuous change which allows for the emergence of various dominant masculinities Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash depend on or function as a prerequisite for each other

*Almshouses in Early Modern England* Angela Nicholls,2017 This book is an examination of early modern English almshouses in the mixed economy of welfare Drawing on archival evidence from three contrasting counties Durham Warwickshire and Kent between 1550 and 1725 the book assesses the contribution almshouses made within the developing welfare systems of the time and the reasons for the enduring popularity of this particular form of charity Post Reformation almshouses are usually considered to have been places of privilege for the respectable deserving poor operating outside the structure of parish poor relief to which ordinary poor people were subjected and making little contribution to the genuinely poor and needy This book challenges these assumptions through an exploration of the nature and extent of almshouse provision it examines why almshouses were founded in the late sixteenth and seventeenth centuries who the occupants were what benefits they received and how residents were expected to live their lives The book reveals a surprising variation in the socio economic status of almspeople and their experience of almshouse life Dictionary of Modern Colloquial French
