Yoga Osho,2022-02-08 Patanjali is a rare flower He has a scientific mind but his journey is inner That's why he became the first and the last word he is the Alpha and the omega For five thousand years nobody could improve upon him It seems he cannot be improved upon He will remain the last word because the very combination is impossible To have a scientific attitude and to enter into the inner is almost an impossibility He talks like a mathematician a logician He talks like Aristotle and he is a Heraclitus From Unconsciousness to Consciousness Osho,2023-09-16 After one thousand three hundred and fifteen days of silence it feels as if I am coming to you from a totally different world In fact it is so The world of words language concepts and the world of silence are so diametrically opposite to each other they don't meet anywhere They can't meet by their very nature Silence means a state of wordlessness and to speak now it is as if to learn language again from ABC But this is not a new experience for me it has happened before too **St. Anselm's Book of Meditations and Prayers. Translated from the Latin by M. R. With a preface by ... the Archbishop of Westminster** Saint Anselm (Archbishop of Canterbury),M. R.,1872

My Oh My Lee Wyndham,2012-01-06 With drama depth and humor Lee Wyndham reveals details of her authentic relationship with an extravagant loving God of grace a God who sometimes trumps his own established laws of nature to perform incredible miracles Proud of her Southern roots accent and expressions Lee is a survivor of life's summits and valleys a divorce a second marriage four daughters the business world the classroom and a rare life threatening open heart surgery The hauntingly beautiful melodies cascading straight from the depths of Lee's heart will motivate you if you already know Jesus Christ and will engage you if you haven't already accepted his leadership on your own odyssey *On Brassard's Farm* Daniel Hecht,2018-04-03 In a radical departure from her urban life Ann Turner buys a piece of remote Vermont land and sets up a tent home in deep forest She's trying to escape an unending string of personal

disasters in Boston more she desperately wants to leave behind a world she sees as increasingly defined by consumerism hypocrisy and division As she writes in her journal There s got to be a more honest less divided way to live She soon learns she was mistaken in thinking a kindly Mother Earth would grant her wisdom and serenity in her new home The forest confronts her with unanticipated dangers aching loneliness harsh weather instinctive fears and unsettling encounters with wild animals It s beautiful yes but life in the woods is never easy When necessity requires her to start work as a farmhand she quickly realizes that she held similarly childish illusions about small farms Under the stern tutelage of Diz Brassard the farm s sixty year old matriarch and the gentler guidance of Earnest Kelley an Oneida Indian friend of the Brassards she discovers what hard work really means Ann faces her predicament with determination but there s a lot to learn about the Brassard family about dairy farming and about herself If she is to succeed in her new life she must become as tough and resilient as the rural community she lives in She must also learn to accept love even if it arrives in the most unexpected forms On Brassard s Farm is a tale of personal struggle sweeping transformation and romantic love Author Daniel Hecht tells of Ann Turner s quest for a better life with unsparing honesty and gentle humor Through its portrayal of the unrelenting labor and harsh pragmatism of farming On Brassard s Farm reveals the deep durability of rural life and offers a much needed affirmation in a changing and uncertain world

St. Anselm's book of meditations and prayers, tr. by M.R. Saint Anselm (Archbishop of Canterbury),1872 **Priests and Politicians** Osho,2016-10-11 For five thousand years the politician and the priest have been in the same business In this provocative volume Osho invites us to look through his microscope and examine not only the profound influence of religion and politics in society but also its influence in our inner world To the extent we have internalized and adopted as our own the values and belief systems of the powers that be he says we have boxed ourselves in imprisoned ourselves and tragically crippled our vision of what is possible From Occupy Wall Street to the Arab Spring from the election of the first Black president in the United States to the appointment of a new pope who promises to use St Francis of Assisi as a role model following endless scandals involving child abuse the roles of priests and politicians in our public life have recently captured the attention of our times often just initiating another round of hope and subsequent disillusionment In other words wittingly or unwittingly we keep digging ourselves deeper into the mess we are in A new kind of world is possible but only if we understand clearly how the old has functioned up to now And based on that understanding take the responsibility and the courage to become a new kind of human being You have to be aware who the real criminals are The problem is that those criminals are thought to be great leaders sages saints mahatmas So I have to expose all these people because they are the causes For example it is easier to understand that perhaps politicians are the causes of many problems wars murders massacres burning people It is more difficult when it comes to religious leaders because nobody has raised his hand against them They have remained respectable for centuries and as time goes on their respectability goes on growing The most difficult job for me is to make you aware that these people knowingly or

unknowingly that does not matter have created this world
