Richard Baxter (1615-1691) John Maitland Duke of Lauderdale, 1922 **From Gaelic to Romantic**, 2023-12-21

The appearance of James Macpherson's Ossian in the 1760s caused an international sensation. The discovery of poetic fragments that seemed to have survived in the Highlands of Scotland for some 1500 years gripped the imagination of the reading public who seized eagerly on the newly available texts for glimpses of a lost primitive world. That Macpherson's versions of the ancient heroic verse were more creative adaptations of the oral tradition than literal translations of a clearly identifiable original may have exercised contemporary antiquarians and contributed eventually to a decline in the popularity of Ossian. Yet for most early readers as for generations of enthusiastic followers what mattered was not the accuracy of the translation but the excitement of encountering the primitive and the mood engendered by the process of reading. The essays in this collection represent an attempt by late twentieth century readers to chart the cultural currents that flowed into Macpherson's texts and to examine their peculiar energy. Scholars distinguished in the fields of Gaelic, German, Irish, Scottish, French, English and American literature, language history and cultural studies have each contributed to the exploration of Macpherson's achievement with the aim of situating his notoriously elusive texts in a web of diverse contexts. Important new research into the traditional Gaelic sources is placed side by side with discussions of the more immediate political impetus of his poetry while studies of the reception of Ossian in Scotland, Germany, France and England are part of the larger recognition of the cultural significance of Macpherson's work and its importance to issues of fragmentation, liminality, colonialism, national identity, sensibility and gender.

In the Words of Our Founders and Other Historians, Philosophers, and Statesmen ,Tullius,2024-12-03 The original summary to this

volume of work was necessarily changed by the events of July 13 2024. Seemingly another lone gunman maneuvers his way through dozens of highly trained government law enforcement and intelligence professionals postures himself some 130 yards away from his intended target former US President Donald Trump fires at least six shots and strikes him in the ear. Trump amazingly escaping an ugly death. The deep state is now quickly circling the wagons trying to control the narrative before anyone can connect and make public the proverbial dots. The recent Congressional hearings again show the intentional malfeasance on the part of our leading officials displaying their hatred and arrogance for the American people. The circus would be laughable if our situation were not so serious the sheer level of evil that resides within their hearts and minds is truly remarkable. They will stop at nothing to bring all the nations into that single world government detailed in the Bible. Make no mistake America should these people not be expeditiously removed from their positions of power more destruction will befall us. It is at this time and place where Christian tenets must prevail. It is in this time where it is for all the marbles. From our political birth until today our enemies have been within us. Thomas Jefferson labeled this cabalistic group as designing men. He made clear that education and morality were necessary keys to maintaining our liberty if education and morality remained close to the hearts and minds of the citizenry then we would pick good leaders and that we must train up each generation to be aware of what is going on in the world to check the tyranny being imposed. Just since the 1960s Americans have given up their very lives to expose the real dangers to our republic men influenced and owned by evil belonging to secret societies and taking secret oaths. Like President John Kennedy Martin Luther King Jr and Robert Kennedy and so many other lesser known patriots Donald Trump has called them out. He is now squarely in their literal crosshairs. But their failure to kill him has awakened many citizens and the annals of history will show John Adams quite correct the Wars of the Reformation. Still go on. The developed written record given us by many biographers and historians is a shameful propaganda campaign. But truth is moving itself into the light designing men of academia too are being exposed. Chief Justice John Marshall heralded by legal scholars across the spectrum led a rogue judiciary. Henry Clay and Daniel Webster also praised within the written record headed a rogue legislature and President Andrew Jackson a man that Jefferson thought unfit for public office proved a despot to the constitution. Indeed these men worked tirelessly to lay the foundations for a consolidated and tyrannical government bringing us to the point we have arrived today. Let the truths displayed within these pages be known to the ends of the earth.
