Ember Of A New World:

Ember of a New World Tom Watson,2014-12-15 Ember of a New World is the heroic tale of a young woman s struggle to survive in the wild world of early Neolithic Europe Ember journeys from her tribe s village on the river Rhine across the wilds of prehistoric Europe in search of the Ends of the World Along the way she faces raiders wolves the North Sea and her own struggle to find herself in a world where women rarely tread The setting is 5500 BCE Europe at the dawn of the Neolithic era in what would one day be known as Germany Every effort has been made to bring historical accuracy to the book from clothing and tools to language and religion *New World's Gear* Seb D Law,2020-09-22 Atlas is no ordinary planetary system For decades it has been kept free of villainy by a pantheon of deities Heroic individuals who changed life for the better are literally immortalised through the power of the mysterious metal known as divinite They are gifted with powers and undying bodies sustained by the faith of mortals These deities thought themselves invincible And they were until twelve years ago when the Stygir first appeared This cryptic warrior race waged the most devastating war Atlas had seen And the solution now threatens to breed conflict between the system s four races Bob Solis is an ordinary human boy in this chaotic epoch Having spent his entire life in a shelter he wants to be seen as something other than a liability When a program opens to recruit new possible deities he seizes this chance to be one who protects instead of one who is protected He has no idea that during his training a series of events will lead to him embark on the most dangerous venture of his life In this new world of conflict tension and scheming a boy must become a warrior or watch his system suffer a fate worse than anything he could imagine **Spirit of Mages** AJ Martinez,2017-09-24 The chase continues as Akielas tries to find the remnants of the dragon gods before the Specters do Two of his friends have already fallen to the Specters and the chaos rages on The burden grows on Akielas s shoulder and now he seeks help from a demigod who lives in a city in the sky Akielas believes that only Caim the demigod can put an end to the Specters but the demigod is reluctant While Akielas tries to coax Caim his friends seek ancient power and lost magic Although his allies share his struggle Akielas fears that the Specters are far too powerful with two remnants of the gods in their hands and two more close to their reach Check out Book One Sin of Mages **The Books of Ember Omnibus** Jeanne DuPrau,2012-06-12 With more than 3 5 million copies sold the City of Ember books are modern day classics Lina and Doon s heart pounding journey to save their people has captivated readers around the world and the four adventures are bound together here for the very first time Escape the Dark Discover the Adventure The city of Ember was built as a last refuge for the human race But now with terrifying blackouts sweeping through the streets Lina and Doon know it s only a matter of time before the lights go out and never come back on again When Lina finds part of an ancient message she and Doon explore long forgotten parts of their dying city as they race to solve the mystery If they succeed they will have to convince everyone to follow them into danger and an exciting new world But if they fail The lights will burn out and the darkness will close in forever The series begins with the groundbreaking

dystopian novel *The City of Ember* the story of a girl a boy and their beleaguered city Through the sequel *The People of Sparks* the satisfying conclusion *The Diamond of Darkhold* and the prequel *The Prophet of Yonwood* author Jeanne DuPrau offers a vision of hope that while sometimes flickering against the darkness ultimately shines through like the bright dawning of a new world

volcanic ash that covered the whole area Ember wasn't like other unicorns It was stunning to see with its beautiful hair on fire and moving like it was dancing in the wind Its feet sparkled like diamonds as it ran across the ground leaving a light trail behind them The volcano had been dormant for thousands of years but now it was Ember's home and a peaceful place to relax There was a golden glow around Ember every morning when he woke up as the sun was rising Ember's fiery mane would catch the first rays of sunlight making a beautiful show of brightness that stood out against the dark surroundings Then Ember would start its day by racing over the well worn paths it knew paths that wound around rocky outcroppings that looked like the spines of a huge sleeping animal and around large fields of ash Because of the warmth coming from deep in the ground life grew even though the area looked empty There were patches of bright red grass all over the fields making for an interesting and beautiful scene This grass which was as red as Ember's flames was eaten by it It happily grazed loving the warm ground under its hooves The constant warmth of this place was a gentle reminder of how strong that person really was Ember had a calm life She spent her days thinking about herself and quietly looking into things Ember liked finding new places in the large ash fields and she would sometimes go near the edge where the ash gave way to the solid hard rock of the volcano's shell From these spots Ember could see the land around her the woods that surrounded the white fields and the mountains that rose high into the sky The volcano was a scary silent monster Its rumblings were a memory and its explosions were a dream Ember had heard stories about how the volcano exploded and sent ash and flames into the sky The stories were whispered through the ash by the wind But that was a long time ago In the harsh land around it the volcano was a safe place to stay warm and a steady presence Ember's life was simple but full of happiness There was a wide open sky above warm ground to rest on bright red grass to eat and nothing else It seemed like its days had a natural flow like the beat of its heart Ember didn't know it but her peaceful life was about to change When Ember's new story was about to start the volcano that had been keeping her safe in silence moved Ashen regions were not the only places Ember would be going to on this exciting trip It would take it into new areas and to a future it could never have imagined As the days went by Ember noticed a small change in the mood that made her think of something that was about to happen The ground under its feet which had been warm before became hotter all of a sudden and the air was filled with excitement Ember felt something stirring inside her like a spark of joy that meant something new was about to start but she had no idea what it was So with its bright main light shining against the gray background Ember kept traveling the empty fields not knowing
