Geography 480: Introduction to Geographic Information Systems
Spring 2025

The United States is a vast country with a long history of settlement. The western half of the country is particularly diverse, with a wide range of climates, topography, and natural resources. This diversity has led to the development of distinct local regions within the West.

These local regions are characterized by unique cultural, economic, and political patterns. Understanding these regions is essential for studying the history and development of the western United States.
