Lightbulb Press, 2016-12-15 An introductory overview to investing with options. *My Guide to American English* Jeannie Yang, 2012-02 Let's face it. There's no time like the present to learn English. It's the world's most widely spoken language. It permeates nearly every aspect of our daily lives. Mastering pronunciation, figures of speech and idioms are just a few of the challenges students may face. Even so, learning to actually use American English comfortably isn't among the easiest of tasks. Author Jeannie Yang hopes to help with that. Numbered lessons and regimented exercises only serve to make an already daunting task seem impossible. They don't help, so they aren't welcome in this book. Professor Jeannie Yang has taken a new approach to learning conversational English, inviting you to the conversation. Written in the form of a movie screenplay, these fictional scenarios innovatively invite you to actively engage in conversations on a variety of subjects and in a variety of settings. As you speak their words, you can imagine that you are one of the characters and you'll be learning at the same time. You'll meet Mi Hee, a sweet and spunky young woman from Korea who dreams of studying at an American university. Kenny, an intellectual from Hong Kong who's lived and studied in the United States for years. Roy, Kenny's best friend whose liberal use of slang is in stark contrast to Kenny's esoteric vocabulary. Whether you are going on a cruise or heading for a job interview, this book serves as a practical and entertaining guide to getting more comfortable with conversational American English. **Standard and Poor's Guide to Saving for Retirement** Virginia B. Morris, Kenneth Morris, 2006 The guide provides easy to understand simple explanations of the complexities of everyday finances. Included is important information about banking, home finance, credit, financial planning, investing and taxes. Publisher's website [Your](#)
