How Did I Fund My Startup? Mehul Darooka, 2019-03-21 Going through the stories of each of the entrepreneur's profile in the book what also struck me was the sheer range of the startups from healthy eating to quirky products to bargain solutions to anti virus software the products conceived devised and developed span a wide canvas While some are completely new to the market others have taken on competition from already existing similar products which they have managed to counter simply by making theirs a better and more user friendly version This again brings home yet another tried and tested rule that however crowded the marketplace is there is always room for quality This is also precisely why in a market overcrowded with books on entrepreneurship you will soon see why this one flies off the shelves with such ease Finally I would like to point out that while at the outset this book may seem like a perfect guide for those wanting to get into start ups and looking for viable ways of funding it is as much a treasured read for investors wanting to put their money into sound ventures The book enables one to get a detailed insight into what works and what doesn't in the market Too often one tends to reject ideas that look untenable and hence un-fundable and then much to the anguish of those who first rejected it they turn out to be veritable blockbusters Haven't we all heard of Facebook rejecting WhatsApp cofounder Brian Acton for a job and then paying 19 billion to buy what could have been its own homegrown product [The Complete Mumsnet Guides](#) Mumsnet, 2011-06-06 The Complete Mumsnet Guides brings together the wisdom of Pregnancy The Mumsnet Guide Babies The Mumsnet Guide and Toddlers The Mumsnet Guide It is packed full of the advice reassurance and down to earth humour of the hundreds of thousands of mums and a fair few dads too who have swapped recommendations and war stories on Mumsnet.com distilled and presented in a way that is both accessible and authoritative From hormones to hypnobirthing stretch marks to swollen ankles birth plans to births not so planned Pregnancy The Mumsnet Guide is the essential birthing bible for every parent to be Babies The Mumsnet Guide then takes you through everything from breastfeeding colic and getting some sleep to debates about parenting gurus and the best form of childcare by way of a fair bit of gore and the odd bit of flagrant silliness about postnatal vaginal circumference and baby names Finally Toddlers The Mumsnet Guide carries you on through behaviour and discipline potty training food sibling rivalry returning or not to work travel and education This is the indispensable guide from the frontline of parenting [Getting in Touch With Your Spirit Guides](#) James David Rockefeller, All of us have spirit guides watching over us and waiting for us to ask for their help These spirit guides are there just for you they have been especially chosen for you and their only purpose to be around you is to help you grow spiritually or resolve a crisis situation you are in or help you fulfill your dreams The only issue is that if you don't ask them they won't be able to help While some of these guides stay with you throughout your life others appear in your life when you are struggling with specific aspects of your life or are trying to achieve certain goals They may be spirits who have lived a physical life in the past or they may have always remained spirits and never have had acquired a physical form It is possible that some of

them are only there for you Others may be guiding more than one person They could also be deceased relatives of yours but most likely they never had any blood relationship with you They are neither male nor female although you may perceive them as having one of the two energies So who are these spirit guides How do they get in touch with you How can you listen to them or talk to them or ask them for their help What kinds of problems can they help you with How can you contact them Find out the answers to these and many more questions in this book **ACCA - F3 (INT) Financial Accounting** ,2007
