**The Complete Ghost Stories of Charles Dickens** Charles Dickens,1982      **True Ghost Stories** Hereward

Carrington,2024-02-10 In True Ghost Stories Mr Carrington presents a number of startling cases of this character but they are not the ordinary ghost stories based on pure fiction and having no foundation in reality Here we have a well arranged collection of incidents all thoroughly investigated and vouched for and the testimony obtained first hand and corroborated by others The chapter on Haunted Houses is particularly striking The first chapter deals with the interesting question What is a Ghost and attempts to answer this question in the light of the latest scientific theories which have been advanced to explain these supernatural happenings and visitants It is a book of absorbing interest and cannot fail to grip and hold the attention of every reader no matter whether he be a student of these questions or one merely in search of hair raising anecdotes and stories He will find them here a plenty The following little book endeavors to bring together a number of ghost stories of the more startling and dramatic type but stories nevertheless which seem to be well authenticated and which have been obtained in most instances at first hand from the original witnesses and often contain corroborative testimony from others who also experienced the ghostly phenomena Some of these incidents indeed rise to the dignity of scientific evidence others are less well authenticated cases but interesting for all that These have been grouped in various Chapters according to their evidential value Chapters II and III contain well evidenced cases some of which have been taken from the Proceedings and Journals of the Society for Psychical Research S P R or from Phantasms of the Living or from other scientific books in which narratives of this character receive serious consideration Chapter V on the contrary contains a number of incidents which striking and dramatic as they are cannot be included in the two earlier Chapters as presenting real evidence of Ghosts but are published rather as startling and interesting ghost stories Chapter IV devoted to Haunted Houses contains brief accounts of the most famous Haunted Houses and of the phenomena which have been witnessed within them Appendix A gives a list of a few of the important Historical Ghosts Appendix B describes the Phantom Armies lately seen by the Allied troops in France while Appendix C lists a number of books of Ghost Stories which the interested reader may care to peruse A short Glossary at the beginning of the book explains the meaning of certain terms used which are not perhaps ordinarily met with in books of this character In the Introductory Chapter I have endeavored to explain very briefly the nature and character of Ghosts what they are and the various scientific theories which have been brought forward of late years to explain Ghosts I hope that this may prove of interest to the reader in case it does not do so he is invited to skip directly to Chapter II which begins our account of True Ghost Stories I wish to express my thanks in this place to the Council of the English S P R for special permission to quote and to summarize several striking cases here reproduced also to Miss Estelle Stead for permission to utilize several cases previously printed at length in Mr Wm T Stead s collections of Ghost Stories H C Author      *True Ghost Stories (Classic Reprint)* Hereward Carrington,2016-09-15 Excerpt from True Ghost Stories Chapter IV devoted to Haunted

### Real Ghost Stories

Dayanara Blue Star,2016-11-16 If you like horror stories you may think of this list a little differently Yes they are horror stories but each one takes its framework from actual real life people and historical events These aren't the tales that are made up around the campfire These are actual verified ghost stories from around the world They showcase people who for one reason or another fell into evil deeds or had evil done to them Whatever the case the result is they are roaming around the earth with no hope of ever finding true peace in the netherworld They are all unhappily roaming the earth purposely trying to still affect the living with their horrific deeds One by one you can see how they impact their city or country Whether it's a torturous soul looking to harm the living or a sad soul just wanting some respite from depression they are sad figures that are hopeless Here is the list of the top most terrifying real ghost stories from all around the world It's proof that regardless of where you're at you can't escape from evil *The Literature Lover's Book of Lists* Judie L. Anish Deb,2019-07-08 20 spine chilling Ghost stories by the Masters of the Game such as Edgar Allan Poe Ambrose Bierce Guy de Maupassant Arthur Conan Doyle A M Burrage This anthology curated by BEE Books is sure to freeze your senses and make your blood run cold **Twenty-Five Ghost Stories** W. Bob Holland,2023-04-30 Excerpt This collection of ghost

stories owes its publication to an interest that I have long felt in the supernatural and in works of the imagination As a child I was deeply concerned with tales of spooks haunted houses wraiths and specters and stories of weird experiences clanking chains ghostly sights and gruesome sounds always held me spellbound and breathless Experiences in editorial offices taught me that I was not alone in liking stories of mystery The desire to know something of that existence that is veiled by Death is equally potent in old age and in youth and men women and children like to be thrilled and to have a creepy feeling along the spinal column as the result of the reading of a visitor from beyond the grave This volume contains the most famous of the weird stories of Edgar Allan Poe that master of this form of literature The Black Cat contains all the needed elements of mystery and supernatural and yet the feline acts in a natural manner all of the time and the story is quite possibly true It is only in the manner of its telling that the tale becomes one that fittingly finds its place in this collection Guy de Maupassant

the clever Frenchman is also represented by two effective bits of work and other less widely known writers have also contributed stories that are worth reading and when once read will be remembered There is not a story among the twenty five that is not worthy of close reading There has recently been a revival in interest in ghost stories Many of the high class magazines have within a few months printed stories with supernatural incidents and writers whose names are known to all who read have turned their attention to this form of literature Whether or not the reader believes in ghosts he cannot fail to be interested in this little book Without venturing to express a positive opinion either way I will only say with Hamlet There are more things in heaven and earth Horatio than are dreamt of in your philosophy Best Ghost Short Stories 1850-1899 Charles Dickens, Bram Stoker, M.R.
