The Shakespearean International Yearbook Alexa Alice Joubin,Natalia Khomenko,2025-06-30 In the modern world references to Shakespeare frequently mark moments of catastrophe and of the accompanying longing for restoring social order remedying injuries and building strong communities Shakespeare s moral authority has often been invoked to support artistic projects that claimed social justice as their goal on the assumption that drama has the power to manipulate perceptual reality Drawing on cases from around the world this book interrogates the idea that performing or reading Shakespeare has socially reparative value It also acknowledges Shakespeare as a potential source of social well being practices in the arts The global framework shows that it is problematic to view Shakespeare as an impartial moral center This book proposes that reparative creativity or remedial uses of the canon can give artists and audiences more agency Having a map of canonical texts hidden ideologies can help readers artists and playgoers navigate its landscape which is in itself a reparative act *Five to Rule Them All* David L. Bosco,2009 In this lively fast moving and often humorous narrative David Bosco illuminates the role of the Security Council in the postwar world telling the inside story of this remarkable diplomatic creation Drawing on extensive research including dozens of interviews with serving and former ambassadors on

Moghalu,2005-11-18 In Rwanda s Genocide Kingsley Moghalu provides an engrossing account and analysis of the international political brinkmanship embedded in the quest for international justice for Rwanda s genocide He takes us behind the scenes to the political and strategic factors that shaped a path breaking war crimes tribunal and demonstrates why the trials at Arusha like Nuremberg Tokyo and the Hague are more than just prosecutions of culprits but also politics by other means This is the first serious book on the politics of justice for Rwanda s genocide Moghalu tells this gripping story with the authority of an insider elegant and engaging writing and intellectual mastery of the subject matter **Claudine Rebero and George Mugohe** Jean Baptiste Rufatabahizi,2014-03-31 George Mugohe is an elementary school teacher who lives in Kigali the capital city of Rwanda In this spellbinding novel showing the area s cultural roots he refuses to betray his Christian faith by honoring his kin ghosts Because of his rejection his wife Caroline becomes mad and dies Diviners and his wife s ghost intervene and advise George to offer a cow to his kin ghosts on behalf of his dead great grandfather if he wants to get a new wife He refuses and instead marries Claudine Rebero against his kin ghosts wishes As a punishment he is unable to make love to his second wife When Claudine abandons her husband George changes his mind and honors his kin ghosts as advised The couple reconciles and Claudine returns home To publicly thank Almighty God George and Claudine pay for a special mass Unknown to the invited guests high ranking angels famous ghosts and George s kin ghosts all attend the service An angel then visits the couple to tell them their future J **Ontological Security in International Relations** Brent J. Steele,2008-03-10 The central assertion of this book is that states pursue social actions to serve self identity needs even when these actions compromise their physical existence Three forms of social action sometimes referred to as motives of state behaviour moral humanitarian and honour driven are analyzed here through an ontological security approach Brent J Steele develops an account of social action which interprets these behaviours as fulfilling a nation state s drive to secure self identity through time The anxiety which consumes all social agents motivates them to secure their sense of being and thus he posits that transformational possibilities exist in the Self of a nation state The volume consequently both challenges and complements realist liberal constructivist and post structural accounts to international politics Using ontological security to

interpret three cases British neutrality during the American Civil War 1861 1865 Belgium's decision to fight Germany in 1914 and NATO's 1999 Kosovo intervention the book concludes by discussing the importance for self-interrogation in both the study and practice of international relations Ontological Security in International Relations will be of particular interest to students and researchers of international politics international ethics international relations and security studies
