study of both **The Victorian Novel of Adulthood** Rebecca Rainof, 2015-09-09 In *The Victorian Novel of Adulthood* Rebecca Rainof confronts the conventional deference accorded the bildungsroman as the ultimate plot model and quintessential expression of Victorian nation building The novel of maturity she contends is no less important to our understanding of narrative Victorian culture and the possibilities of fiction Reading works by Charles Dickens George Eliot Henry James John Henry Newman and Virginia Woolf Rainof exposes the little discussed theological underpinnings of plot and situates the novel of maturity in intellectual and religious history notably the Oxford Movement Purgatory a subject hotly debated in the period becomes a guiding metaphor for midlife adventure in secular fiction Rainof discusses theological models of gradual maturation thus directing readers attention away from evolutionary theory and geology and offers a new historical framework for understanding Victorian interest in slow and deliberate change **English Fiction of the Victorian Period** Michael Wheeler, 2014-01-14 Professor Wheeler's widely acclaimed survey of the nineteenth century fiction covers both the major writers and their works and encompasses the genres and minor fiction of the period This excellent introduction and reference source has been revised for this second edition to include new material on lesser known writers and a comprehensively updated bibliography **The Transformation of Rage** Peggy Fitzhugh Johnstone, 1997-06 George Eliot has been widely praised both for the richness of her prose and the universality of her themes In this compelling study Peggy Fitzhugh Johnstone goes beyond these traditional foci to examine the role of aggression in Eliot's fiction and to find its source in the author's unconscious sense of loss stemming from traumatic family separations and deaths during her childhood and adolescence Johnstone demonstrates that Eliot's creative work was a constructive response to her sense of loss and that the repeating patterns in her novels reflect the process of release from her state of mourning for lost loved ones *Realist Vision* Peter Brooks, 2008-10-01 *Realist Vision* explores the claim to represent the world as it is Peter Brooks takes a new look at the realist tradition and its intense interest in the visual Discussing major English and French novels and paintings from the nineteenth and twentieth centuries Brooks provides a lively and perceptive view of the realist project Centering each chapter on a single novel or group of paintings Brooks examines the invention of realism beginning with Balzac and Dickens its apogee in the work of such as Flaubert Eliot and Zola and its continuing force in James and modernists such as Woolf He considers also the painting of Courbet Manet Caillebotte Tissot and Lucian Freud and such recent phenomena as photorealism and reality TV **The Merchant of Modernism** Gary Martin Levine, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company *The Private Rod* Marlene Tromp, 2000 Sensation novels a genre characterized by scandalous narratives and emotionally and socially provocative dialogue and plots had their heyday in England in the 1860s and 1870s in the midst of growing concern about codes of behavior in marriage Exploring the central metaphor of marital violence in these novels Marlene Tromp uncovers the relationship between the representations of such violence in fiction and in the law Her investigation demonstrates that sensational constructions of gender marriage brutal

relationships and even murder were gradually incorporated into legal debates and realist fiction as the Victorian understanding of what was real changed from publisher description *Imagining Otherwise* Debra Gattelman, 2024-08-13

From fan fiction to relatability the assessment of novels based on how easy it is to imagine the represented experiences the individual reader's imagination has become a determining part of the contemporary literary environment Literary studies has a long history of critical approaches from New Criticism to surface reading devoted to minimizing the associations and inventiveness that readers bring to a text *Imagining Otherwise* instead seeks to explain how we came to view fiction as available for imaginative appropriation in the first place Gattelman argues for the Victorian roots of the core modernist belief that readers complete an author's vision As novel readership expanded in the nineteenth century many Victorian writers became frustrated with readers formulaic expectations and sought to engage aesthetically with their readers' imaginations Gattelman argues that the elevation of the novel as a genre began when writers started to incorporate rather than exclude the common reader's daydreams and emotions into their work Taking a fresh look at works by Austen Dickens George Eliot and Trollope as well as some of their modernist successors Henry James Virginia Woolf and others Gattelman traces narrative techniques including direct address verb tense syntax and prose style that reflect Victorian authors changing perceptions of and engagement with their readers *Fashioning the Silver Fork Novel* Cheryl A Wilson, 2015-10-06

Fashion and celebrity may be twenty first century obsessions but they were also key concepts in Regency culture Both celebrated and condemned for their popularity silver fork novels were extremely prolific during this period This study looks at the social and literary impact of this significant genre *Possessed Victorians* Sarah A. Willburn, 2017-05-15

In her absorbing study of nineteenth century mystical writings Sarah Willburn formulates a new conception of individualism that offers a fresh look at Victorian subjectivity Drawing upon extensive archival work in the British Library Willburn analyzes s'ance accounts novels about mediumship and metaphysical treatises to make important connections between contemporary writings on mysticism and fictional works Willburn presents the theories of compelling characters such as Newton Crosland and Lois Waisbrooker and provides exciting new readings of well known texts by Charlotte Brontë Eliot Martineau and Corelli An understanding of the Victorian fascination with mysticism Willburn argues leads to a better appreciation of cultural constructions of the citizen in England and of the public sphere She introduces two key concepts against the backdrop of popular mysticism possessed individualism a model for Victorian individualism based on spiritual possession and extra spheres which complicate the traditional binary opposition of public and private Together these formulations urge us to rethink our views of Victorian political economy and gender as they pertain to mystical and religious practices **Victorian Dress in Contemporary Historical Fiction** Danielle Mariann Dove, 2023-10-19

Victorian Dress in Contemporary Historical Fiction is the first full length study to investigate and attend to the deeply suggestive and highly symbolic iterations of Victorian women's dress in the contemporary cultural imagination Drawing upon a range of popular and less well studied neo Victorian novels published

between 1990 and 2014 as well as their Victorian counterparts 19th century illustrative material and extant Victorian garments Danielle Dove explores the creative possibilities afforded by dress and fashion as gendered sites of agency and affect Focusing on the relationship between texts and textiles she demonstrates how dress is central to the narrativization re formulation and re fashioning of the material past in the present In its examination of the narrative trajectories lively vitalities and material entanglements that accrue to and originate from dress in the neo Victorian novel this study brings a fresh approach to reading Victorian sartorial culture For researchers and students of Victorian and neo Victorian studies dress history material culture and gender studies this volume offers a rich resource with which to illuminate the power of fashion in fiction

Imperialism at Home Susan Meyer, 2019-06-30 The implicit link between white women and the dark races recurs persistently in nineteenth century English fiction Imperialism at Home examines the metaphorical use of race by three nineteenth century women novelists Charlotte Bront Emily Bront and George Eliot Susan Meyer argues that each of these domestic novelists uses race relations as a metaphor through which to explore the relationships between men and women at home in England In the fiction of for example Anthony Trollope and Charles Dickens as in nineteenth century culture more generally the subtle and not so subtle comparison of white women and people of color is used to suggest their mutual inferiority The Bronte sisters and George Eliot responded to this comparison Meyer contends transforming it for their own purposes Through this central metaphor these women novelists work out a sometimes contentious relationship to established hierarchies of race and gender Their feminist impulses in combination with their use of race as a metaphor Meyer argues produce at times a surprising if partial critique of empire Through readings of Jane Eyre Wuthering Heights The Mill on the Floss Daniel Deronda and Charlotte Bront s African juvenilia Meyer traces the aesthetically and ideologically complex workings of the racial metaphor Her

analysis is supported by careful attention to textual details and thorough grounding in recent scholarship on the idea of race and on literature and imperialism

Vocation and Desire Dorothea Barrett, 2015-09-25 First published in 1989
Generations of critics have seen George Eliot as a conservative Victorian high moralist and sybil Vocation and Desire questions that image and finds in her work elements of anger feminism subversiveness revenge iconoclasm wit and eroticism elements that we have been taught not to expect After looking at the development of the sybilline image and the gradual eclipse of the subversive George Eliot which Eliot herself initiated Dorothea Barrett goes on to investigate the evidence of the novels themselves and finds an alternative emphasis Her study of the heroines of the six major novels and issues of language and desire provides a refreshing and acute analysis of the contradictions and strengths of Eliot's work She also considers the reception of George Eliot by feminist critics and the broader implications of her work for contemporary feminism This title will be of interest to students of literature
