explore what political narratives and the cultural poetics behind them reveal about the way our personal and intimate lives are deeply connected with the public arena and the political process The first section of the book *The Politics of Fictions* contains essays focused on works of fiction consciously dramatizing the political realm The second group of contributions *The Fictions of Politics* explores structures and motifs from the narrative arts in discourses of American political life and the interactions of public institutions and policy with forms of fictional representation from novels to popular music and TV drama The essays presented here broaden the conversation in American literary studies about what constitutes the political in literature and culture by reintroducing the dimension of institutional or representative politics Likewise *Stories of Nation* aims to repair the lines of communication between the idea that all fiction is political and the view that political speech is a subgenre of literature all the more in need of examination in a highly polarized society The range of perspectives in *Stories of Nation* will engage students of literature popular culture and politics alike
