

FRENCH REVOLUTION ESSENTIALS

Causes:

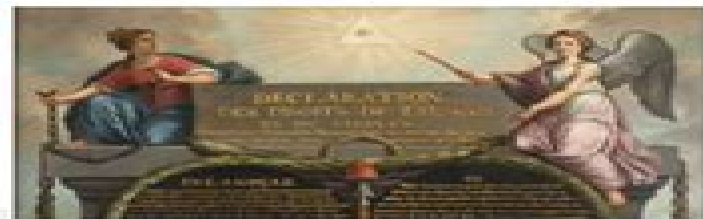

- **Weak leaders** (Louis XVI doesn't live up to his ancestors and they hate his non-French wife)
- **Economic Problems** (people are starving, famine, heavy taxes)
- **The Estate System** (inequality of social classes 3rd estate 98% of population, paying all taxes)

***Inspired by Enlightenment ideas & the American Revolution.*

Start of the Revolution = Storming of the Bastille, July 14, 1789

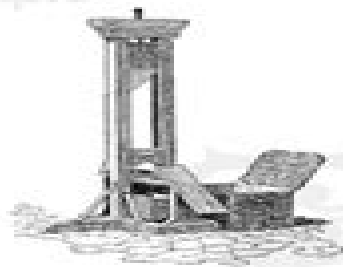

Liberté • Égalité • Fraternité
RÉPUBLIQUE FRANÇAISE

Reign of Terror

- period of radicals executing anyone opposed to the revolution
- led by Maximilien Robespierre
- starts with the beheading of King Louis XVI (and then his wife Marie Antionette)

Off with
their
Heads!

Napoléon Bonaparte leads a coup d'état to overthrow the new republic, ended the French Revolution. He becomes military dictator (like Cromwell), but people like him even though he is an absolute ruler because he brings an END to the chaos of the French Revolution. **PLUS** he did several good things like: freedom of religion, expanded education (public schools), built churches, improved tax system, established the Napoleonic Code (equality for all citizens under the law). He also fought wars with most of Europe, lost when tried to take Russia. Finally defeated and was exiled.

History Guide French Revolution:

The A to Z of the French Revolution Paul R. Hanson, 2007-02-23 The French Revolution remains the most examined event and period in world history Most historians would argue that it was the first modern revolution an event so momentous that it changed the very meaning of the word revolution to its current connotation of a political and or social upheaval that marks a decisive break with the past moving the society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it When revolution shook the foundations of the Old Regime in France shock waves reverberated throughout the western world The A to Z of the French Revolution examines the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen the introduction of universal manhood suffrage and the Napoleonic Empire An introductory essay chronology and comprehensive bibliography complement the more than 400 cross referenced dictionary entries making this a great resource for students and history enthusiasts alike *The French Revolution* Peter Davies, 2012-12-01 Handy introduction to one of the most significant and studied events in world history Blending narrative with analysis Peter Davies explores a time of obscene opulence mass starvation and ground breaking ideals where the streets of Paris ran red with blood and the numbers requiring execution precipitated the invention of the guillotine Davies brings the subject up to date by considering the legacy of the revolution and how it continues to resonate in today s France History in the Classroom , 1993 A selection of articles reproduced from Agora the Journal of the History Teachers Association of Victoria , **The Complete Idiot's Guide to European History, 2nd Edition** Nathan Barber, 2011-10-04 Fascinating fact filled writing that delivers hundreds of years in the life of the European continent Terrific supplementary reading for AP History students *French Revolution* Publishing Historical Figures, 2020-03-07 French Revolution A Comprehensive Guide to the French Revolution Including a Complete History of the Events *History of the French Revolution* Heinrich von Sybel, 1869 **The A to Z of the Wars of the French Revolution** Steven T. Ross, 2010-06-07 The French Revolution rocketed from Paris and made its influence felt throughout the world Vast changes occurred in the way people related to their governing bodies Instead of acting as passive onlookers the people of France directly involved themselves in the affairs of state The monumental changes brought about by the French Revolution also changed the nature of warfare A period of nearly uninterrupted conflict existed both within and outside of France from 1792 to 1802 To rise to this daunting challenge the armies of the French Republic developed a new approach to waging war Under assault by Europe s great powers and faced with internal struggles the French Republic mobilized the full range of its natural and human resources The call for volunteers produced a mass citizen army and the government moved to provide new officers new organizations and new tactics The French Republic nationalized the economy to equip its patriotic army for a decade long struggle to preserve the

ideals of the revolution The A to Z of the Wars of the French Revolution describes significant persons places events encounters and battles that substantially changed the nature of warfare at the end of the 18th century in Europe Additionally it gives a sense of the impact of these changes on the general course of human history drawing connections between events to map out an entire time period of eventful change The dictionary contains a detailed chronology from the declaration of the French Republic in 1792 to the Treaty of Amiens in 1802 Numerous maps help to orient the reader The entries are efficient and generously referenced giving the reader detailed knowledge while simultaneously allowing a broad picture of this crucial time period An introduction provides a useful overview for the general reader
