*The Fiction of Ian McEwan* M. Hutton, 2006 Publisher description      **In Between the Sheets** Ian McEwan, 2020-10-01 Darkly brilliant short fiction by the New York Times bestselling Booker Prize winning author of *Machines Like Me* and *Atonement* A two timing pornographer becomes the unwilling object in the fantasies of one of his victims A jaded millionaire buys himself the perfect mistress and plunges into a hell of jealousy and despair Over the course of a weekend a guilt ridden father with his teenage daughter discovers the depths of his own blundering innocence Whether these are the written transcripts of dreams or deadly accurate maps of the tremor zones of our psyche all seven stories in this collection implicate us in the most fearful ways imaginable His stories are complex and his prose like Orwell s is as clear as windowpane McEwan s comic edge gives these stories a moral force They are not meant simply to shock and horrify middle class readers Rather like all good satire they seek to unmask hypocrisy and cruelty The Washington Post Book World      *Family and Relationships in Ian McEwan's Fiction* Tomasz Dobrogoszcz, 2018-02-23 The book provides a lucid analysis of all Ian McEwan fiction published to date from his 1975 debut short stories up to the 2016 novel *Nutshell* spanning forty years of his literary career Apart from a general discussion of McEwan s works the study offers a uniform focal point it concentrates on one of the key issues taken up by the writer the aspect of relationships between partners and between family members As the book demonstrates the novelist employs interpersonal relations to establish a pertinent context in which he can dramatically portray the process of identity formation in his characters Throughout his fiction McEwan consistently uses references to psychoanalysis either veiled or direct The proposed book investigates the novelist s oeuvre through the lens of the psychoanalytic theory developed by Jacques Lacan The approach used makes the book useful both for readers well familiar with this apparatus and for those who need introduction to Lacanian psychoanalysis and such of his concepts as desire fantasy the symbolic order or the Name of the Father      **A Study Guide for Ian McEwan's Atonement** Gale, Cengage Learning, 2015-03-13 A Study Guide for Ian McEwan s *Atonement* excerpted from Gale s acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs      **The Fiction of Ian McEwan** M. Hutton, 2005-09-19 Ian McEwan is one of Britain s most established and controversial writers This book introduces students to a range of critical approaches to McEwan s fiction Criticism is drawn from selections in academic essays and articles and reviews in newspapers journals magazines and websites with editorial comment providing context drawing attention to key points and identifying differences in critical perspectives The book features selections from published interviews with Ian McEwan and covers all of the writer s novels to date including his latest novel *Saturday*      *Ian McEwan* Irena Księżopolska, 2024-04-30 This book offers a discussion of seven canonical novels by Ian McEwan *The Cement Garden* *The Comfort of Strangers* *The Child in Time* *The Innocent* *Black Dogs* *Atonement* On

Chesil Beach introducing radical new readings which are offered not as ultimate and conclusive solutions of the textual puzzles but as possibilities to engage with the text creatively to enrich the critical consensus and restore interpretative freedom to the readers This project formulates a strategy of inclusive reading an approach to the text that does not seek to reduce it to a single interpretation and yet is comprehensively informed through the analysis of the primary text critical discussion authorial comments and the context of the composition Each reading demonstrates the metafictional structure of the texts indicating that McEwan s works may be treated as invitations to roam within their worlds examining the multiple frames of their structure and the meanings generated thereby All the chapters attend to submerged repressed or deliberately masked voices The Cement Garden is seen as a multi layered dream with a shifting hierarchy of dreamers The Comfort of Strangers is viewed as an inverted metafiction with insubstantial characters corrupting more complex heroes The Child in Time is read as Stephen s book written for his dead daughter The Innocent as a memory narrative of Leonard who refuses to notice Maria s role as a spy In Black Dogs the over exposure of unreliability is studied as a screen for personal trauma in the analysis of Atonement Briony s claim to authorship is questioned and Cecilia is suggested as an alternative narrative agent Finally examining On Chesil Beach both characters voices are reconstructed in search of the superior narrative power which in the end is seen to be elusive as the text seeks to undermine the hierarchy of voices

#### *(Im)politeness in McEwan's Fiction*

Urszula Kizelbach,2023-02-22 This book is a pragma stylistic study of Ian McEwan s fiction providing a qualitative analysis of his selected novels using im politeness theory Im politeness is investigated on two levels of analysis the level of the plot and the story world intradiegetic level and the level of the communication between the implied author and implied reader in fiction extradiegetic level The pragmatic theory of im politeness serves the aim of internal characterisation and helps readers to better understand and explain the characters motivations and actions based on the stylistic analysis of their speech and thoughts and point of view More importantly the book introduces the notion of the impoliteness of the literary fiction a state

of affairs where the implied author or narrator expresses their impolite beliefs to the reader through the text which has face threatening consequences for the audience e.g. moral shock or disgust dissociation from the protagonist feeling hurt or put out Extradiegetic impoliteness one of the key characteristics of McEwan's fiction offers an alternative to the literary concept of a secret communion of the author and reader Booth 1961 describing an ideal connection or good rapport between these two participants of fictional communication This book aims to unite literary scholars and linguists in the debate on the benefits of combining pragmatics and stylistics in literary analysis and it will be of interest to a wide audience in both fields

**Contemporary Fiction, Celebrity Culture, and the Market for Modernism** Carey Mickalites, 2022-01-13 Arguing that contemporary celebrity authors like Zadie Smith Ian McEwan Martin Amis Kazuo Ishiguro Salman Rushdie Eimear McBride and Anna Burns position their work and public personae within a received modernist canon to claim and monetize its cultural capital in the lucrative market for literary fiction this book also shows how the corporate conditions of marketing and branding have redefined older models of literary influence and innovation It contributes to a growing body of criticism focused on contemporary literature as a field in which the formal and stylistic experimentation that came to define a canon of early 20th century modernism has been renewed contested and revised Other critics have celebrated these renewals variously arguing that contemporary literature picks up on modernism s unfinished aesthetic revolutions in ways that have expanded the imaginative possibilities for fiction and revived questions of literary autonomy in the wake of postmodern nihilism While this is a compelling thesis and one that rightly questions an artificial and problematic periodization that still lingers in academic criticism those approaches generally fail to address the material conditions that structure literary production and the generation of cultural capital whether in the historical development of modernism or its contemporary permutations This book addresses this absence by proposing a materialist history of modernism s afterlives
