Aims: Students will not only acquire a body of knowledge in biology, but also learn to apply that knowledge, appreciate scientific study and creativity, develop an ability to analyze, evaluate and synthesize scientific information, develop effective collaboration and 21st century communication skills, develop experimental scientific skills, become critically aware, as global citizens, of the ethical implications of using science and technology, develop an appreciation of the possibilities and limitations of science, and develop an understanding of the relationships between scientific disciplines and their influence on other areas.

Grades:

65% Tests & quizzes (Most of your grade will be based on your mastery of the learning goals!)

25% Labs

10% Assignments

Tests - Tests will closely mimic the format of the IB Biology Exam. They will consist of multiple-choice, short-answer, data-based questions, and extended response. Many questions will come from past IB Biology exams. Quizzes may vary in length and format.

Labs - By providing students with the opportunity for hands-on experimentation, they are carrying out some of the same processes that scientists undertake, interacting directly with natural phenomena as well as provide students with the opportunity to design investigations, collect data, develop manipulative skills, analyze results, collaborate with peers and evaluate and communicate their findings. Your lab experience is so important that it is 20% of your IB Biology Diploma score! You will be learning the lab skills necessary to eventually be able to design your own lab, determine the appropriate equipment to use, determine how to collect your data, decide the best way to statistically analyze the results, draw a valid conclusion, and evaluate the experiment.

Supplies needed:

- 3-ring binder
- dividers
- notebook paper
- pens (black or blue), pencils (any kind), highlighter (any color)
- 4 dry erase markers (any color)
- scientific calculator (what you use for your math class is fine)

Resources:

Textbook for pre-reading: *Biology*, 2014 edition. (Oxford)

Study Guide for post-reading: *Biology for the IB Diploma* (Oxford)

Work Ethic:

The most successful students READ, keep up with notes, keep an organized notebook, honor deadlines, and stay focused during class. There is also a high correlation between a student's work ethic and their success on the IB exam. Stay focused, motivated, positive and honest because it is going to be worth it!
