Dimitris Apostolopoulos

Merleau Ponty And The Paradoxes Of Expression:

Merleau-Ponty and the Paradoxes of Expression Donald A. Landes, 2013 **Merleau-Ponty and the Paradoxes of Expression** Donald A. Landes, 2013-10-10 Merleau Ponty and the Paradoxes of Expression offers a comprehensive reading of the philosophical work of Maurice Merleau Ponty a central figure in 20th century continental philosophy By establishing that the paradoxical logic of expression is Merleau Ponty s fundamental philosophical gesture this book ties together his diverse work on perception language aesthetics politics and history in order to establish the ontological position he was developing at the time of his sudden death in 1961 Donald A Landes explores the paradoxical logic of expression as it appears in both Merleau Ponty s explicit reflections on expression and his non explicit uses of this logic in his philosophical reflection on other topics and thus establishes a continuity and a trajectory of his thought that allows for his work to be placed into conversation with contemporary developments in continental philosophy The book offers the reader a key to understanding Merleau Ponty s subtle methodology and highlights the urgency and relevance of his research into the ontological significance of expression for today s work in art and cultural theory **Normality, Abnormality, and Pathology in Merleau-Ponty** Susan Bredlau, Talia Welsh, 2022-02-01 Maurice Merleau Ponty s work draws our attention to how the body is always our way of having a world and never merely a thing in the world Our conception of the body must take account of our cultures our historically located sciences and our interpersonal relations and cannot reduce the body to a biological given Normality Abnormality and Pathology in Merleau Ponty takes up Merleau Ponty s phenomenology of the body to explore the ideas of normality abnormality and pathology Focusing on the lived experiences of various styles of embodiment the book challenges our usual conceptions of normality and abnormality and shows how seemingly objective scientific research such as the study of pathological symptoms is inadequate to the phenomena it purports to comprehend The book offers new insights into our understandings of health and illness ability and disability and the scientific and cultural practices that both enable and limit our capacity for diverse experiences Perception and its Development in Merleau-Ponty's 'Phemenology' Kirsten Jacobson, John Russon, 2017-01-01 Perception and Its Development in Merleau Ponty s Phenomenology brings together essays from fifteen leading Merleau Ponty scholars to demonstrate the continuing significance of Merleau Ponty s analysis *Wittgenstein and Merleau-Ponty* Komarine Romdenh-Romluc, 2017-03-31 Maurice Merleau Ponty and Ludwig Wittgenstein are two of the most important philosophers of the twentieth century yet their work is generally regarded as standing in contrast to one another However as this outstanding collection demonstrates they both reject a Cartesian picture of the mind and sought to offer an alternative that does justice to the role played by bodily action language and our membership within a community that shares a way of life This is the first collection to compare and contrast the work of these two major philosophers Fundamental topics and problems discussed include the role of community in their philosophies Merleau Ponty on description and depiction and Wittgenstein on saying and doing the role of language their treatment of

expression their relation to the philosophy of the Vienna Circle solipsism and rule following It is essential reading for anyone studying the work of Wittgenstein and Merleau Ponty as well as those interested in phenomenology philosophy of mind and philosophy of language

The Merleau-Ponty Dictionary Donald A. Landes, 2013-06-06 Maurice Merleau Ponty 1908 1961 is one of the central figures of 20th century Continental philosophy and his work has been hugely influential in a wide range of fields His writings engage in the study of perception language politics aesthetics history and ontology and represent a rich and complex network of exciting ideas The Merleau Ponty Dictionary provides the reader and student of Merleau Ponty with all the tools necessary to engage with this key thinker a comprehensive A to Z that provides summaries of all his major texts and articles clear and straightforward explanations of his terminology and innovative concepts and detailed discussions of the figures and philosophies that influenced his work The book also includes a philosophical introduction a chronology of Merleau Ponty s life and works and suggestions for further reading This dictionary is the ideal reading and research companion for students at all levels

Merleau-Ponty's Phenomenology of Language Dimitris Apostolopoulos, 2019-09-06 Merleau Ponty s status as a philosopher of perception is well established but his distinctive contributions to the philosophy and phenomenology of language have yet to be fully appreciated Through detailed clear and accessible analyses of Merleau Ponty s views of linguistic meaning expression and understanding and by tracing the evolution and development of these views throughout the course of his philosophical career Merleau Ponty s Phenomenology of Language offers a global and comprehensive picture of his engagement with the philosophy of language This book demonstrates that the phenomenology of language is essential for grasping the meaning and motivations behind some of Merleau Ponty s most celebrated philosophical contributions It argues that his philosophy of language should take on a central role in our appraisal of the development and basic goals of his thought And it suggests that the success of phenomenology s return to the things themselves must be judged not only by the evidence of intuition but also by the labour of expression

Merleau-Ponty's Developmental Ontology David Morris, 2018-10-15 Winner of the 2020 Edward Goodwin Ballard Prize in Phenomenology Merleau Ponty s Developmental Ontology shows how the philosophy of Maurice Merleau Ponty from its very beginnings seeks to find sense or meaning within nature and how this quest calls for and develops into a radically new ontology David Morris first gives an illuminating analysis of sense showing how it requires understanding nature as engendering new norms He then presents innovative studies of Merleau Ponty s The Structure of Behavior and Phenomenology of Perception revealing how these early works are oriented by the problem of sense and already lead to difficulties about nature temporality and ontology that preoccupy Merleau Ponty s later work Morris shows how resolving these difficulties requires seeking sense through its appearance in nature prior to experience ultimately leading to radically new concepts of nature time and philosophy Merleau Ponty s Developmental Ontology makes key issues in Merleau Ponty s philosophy clear and accessible to a broad audience while also advancing original philosophical conclusions

Merleau-Ponty's Poetic of the

World Galen A. Johnson, Mauro Carbone, Emmanuel de Saint Aubert, 2020-08-04 Merleau Ponty has long been known as one of the most important philosophers of aesthetics yet most discussions of his aesthetics focus on visual art This book corrects that balance by turning to Merleau Ponty s extensive engagement with literature From Proust Merleau Ponty developed his conception of sensible ideas from Claudel his conjoining of birth and knowledge as co naissance from Val ry came implex or the animal of words and the chiasma of two destinies Literature also provokes the questions of expression metaphor and truth and the meaning of a Merleau Pontian poetics The poetic of Merleau Ponty is the book argues a poetic of the flesh a poetic of mystery and a poetic of the visible in its relation to the invisible Ultimately theoretical figures or figuratives that appear at the threshold between philosophy and literature enable the possibility of a new ontology What is at stake is the very meaning of philosophy itself and its mode of expression

Hegel and Phenomenology Alfredo Ferrarin, Dermot Moran, Elisa Magrì, Danilo Manca, 2019-07-24 This volume articulates and develops new research questions and original insights regarding the philosophical dialogue between Hegel s philosophy his heritage and contemporary phenomenology including among others Husserl Heidegger Merleau Ponty and Ricoeur The collection discusses methodological questions concerning the relevance of Hegel s philosophy for contemporary phenomenology addressing core issues revolving around the key concepts of history being science subjectivity and dialectic The volume fills a gap in historiography expanding the knowledge of the impact of Hegel s philosophy on contemporary philosophy and raising new questions on the transformation of transcendental philosophy in post Kantian philosophy The contributions gathered in this volume shed new light on issues related to the problem of scientific method in philosophy on the philosophy of history as well as on the dimension of subjectivity By providing critical insights into Hegel s philosophy and contemporary phenomenology the book opens up new research perspectives recommended to philosophers and scholars of different traditions especially classical German philosophy phenomenology and history of Western philosophy

Thank you extremely much for downloading **Merleau Ponty And The Paradoxes Of Expression**. Most likely you have knowledge that, people have look numerous period for their favorite books taking into consideration this Merleau Ponty And The Paradoxes Of Expression, but end in the works in harmful downloads.
