## Respiratory System Mink Dissection

Today we will be exploring the respiratory system in the mink. As you know, the respiratory system is made up of many organs. These include the nose, pharynx, larynx, trachea, bronchi and lungs. The structural design of this organ system is that of a tube with many branches ending in million of extremely tiny, very thin-walled sacs called alveoli. See the diagram below for a glance at the human respiratory system.

### Respiratory System
