Miner, Kelly C. Ball-Stahl, 2019-08-02 No matter whether you are approaching public or private sponsors this thorough and detailed step by step guide will enable you to plan and write winning proposals Grantseeking is always a competitive process As organizational needs outstrip resources groups turn to grants as a means of strengthening their financial footing while pursuing their missions This book draws on the authors three decades of grantseeking experiences in writing successful proposals conducting grant workshops nationwide reviewing government and foundation proposals and critiquing application guidelines for grantmakers to lead readers through the process of planning and writing successful proposals The authors first provide practical strategies for project planning including identifying sponsors matching grantseeker needs to sponsor priorities and qualifying prospects through pre proposal contacts The authors then guide users systematically through proposal writing including introducing a template for letter proposals to private foundations and corporations describing the primary elements of government proposals and providing tips for constructing a realistic budget This advice as well as the key questions to answer before you begin writing actual proposals that were declined with rejection reasons and complete sample letter proposals comprised in this volume will help both beginning and experienced grantseekers to better plan and develop fundable projects **The Missionary Lives** Terrence L. Craig, 2016-05-18 This book is a survey of the life writings by and about Canadian missionaries at home and abroad over the last one hundred and thirty years A general missionary history of Canada appears first to introduce separate chapters on the forms and themes of this body of literature The critical problems presented by writing that has resisted modern and post modern developments are discussed Partial and fictional life writing as well as marginal forms are also explored The book concludes with general statements about the whole of this literature and its effects The first attempt at a comprehensive bibliography of Canadian missionary life writing is appended **Tides of Opportunity** Sadiri Joy Tira, Damples Dulcero-Baclagon, Lorajoy Tira-Dimangondayao, 2024-05-21 Hope and Hospitality for Migrating People Never have so many people left their homes and migrated to other parts of the world as we've seen in recent years This phenomenon creates as many opportunities as challenges We are witnessing a massive increase in urbanization pluralization multiculturalism and interfaith dialogue What are the implications for the church as it tries to reach the nations Tides of Opportunity brings together experts from diverse backgrounds to consider the practical significance of this mass migration The reasons for these population movements are as varied as the people Sadiri Joy Tira explores several causes like military conflict economic hardship and natural disasters The contributors not only explain such trends but suggest possible ways to engage with diaspora neighbors Through case studies this volume also examines lesser known dynamics such as sex trafficking and the movement of immigrants to rural areas This

book challenges us to find more creative and integrated mission strategies for effectively reaching out to the various peoples on the move with the gospel How will you respond to the tides of opportunity *Protestant Missionaries, Asian Immigrants, and Ideologies of Race in America, 1850-1924* Jennifer Snow,2006-12-15 This book examines how in defending Asian rights and their own version of Christian idealism against scientific racism missionaries developed a complex theology of race that prefigured modern ideologies of multiculturalism and reached its final belated culmination in the liberal Protestant support of the civil rights movements in the 1960s *The American Home Missionary*,1910 *Catholic Missionaries and Their Work with the Poor* Albino Barrera,2018-12-21 This book explores the vital role of faith based organizations FBOs in compensating for the market s and government s inability to provide vital services Its key theoretical contribution is the notion that poverty is the result of a triadic failure when markets government and civil society become dysfunctional at the same time Using data on Catholic missionaries development work this study presents the various ways by which FBOs mitigate market and government failures in healthcare education and social services and in the process build and strengthen civil society This study has two main objectives First it aims to present an overview of missionaries development work evaluating the socioeconomic significance of their faith based development work In addition various comparative advantages and disadvantages have been imputed to FBOs in the religion development literature and we assess to what extent missionaries actually exhibit these posited qualities in practice Second the groundwork is laid for future religion development scholars by presenting a theoretical framework and a method for evaluating the role and contributions of FBOs in the larger community This is an important investigation of contemporary worldwide Christianity and its relationship with development As such it will interest scholars of religious studies and missiology as well as development economics public service and the political economy Family in Mission Johannes Reimer,2020-06-30 Innumerable books have been written about successful outreach and evangelism yet almost none address the centrality of the family as God s intended vehicle for experiencing life community and growth In this timely and powerful book Johannes Reimer urges us to rediscover the family as a primary agent for mission in the world Offering both a theological and practical foundation for understanding the role and significance of families in the vocation of the church this book also provides creative ideas for implementing a family centered praxis that offers preparation and support to families living out their calling to make Christ known To ignore the family Reimer warns is to ignore the church s greatest resource for transmitting truth communicating love and embodying the gospel If we are to be effective in making disciples of all nations we must start in our own homes **Proposal Planning & Writing** Lynn E. Christian Perspective **For the Love of God** Jerry M. Ireland, 2017-03-23 Compassionate missions constitutes a growing focus among evangelical denominations and agencies Because of this there exists a growing need to be guided by sound principles and best practices This edited volume sets forth both the biblical foundations and preferred methods for churches wanting to engage in compassion as part of their missionary efforts The aim throughout is that compassionate missions would be guided by indigenous principles that help establish autonomous local churches capable of being salt and light in their communities The contributors to this volume have over 200 years of missions experience Through their first hand knowledge of the challenges and pitfalls faced by missionaries engaging in compassion these authors set forth foundational principles and practical guidelines related to some of the most pressing issues confronting missionaries today These include HIV AIDS UPGs human trafficking orphans and vulnerable children gender issues and many more Pastors missionaries missions boards and educators will find this a valuable resource as the church in the twenty first century continues to engage in the Great Commission *Leading Financial Sustainability in Theological Institutions* Emmanuel Okantah Bellon, 2017-04-24 The role of theological institutions in Christian mission is likened to the crucible that shapes the hearts and minds of those leading the charge to reconcile the world to God Nevertheless it is also the weakest link in the chain of Christian ministry and efforts to sustain the unique contribution of institutions have been enigmatic So why should we be concerned about theological institutions What if there were no theologians missiologists trained pastors or missionaries in Christian ministry What if there were no theological institutions What if the existing theological institutions collapsed shut down for lack of resources How effective would the witness of the Christian church be without theological institutions in a world in need of God Over the centuries various models for supporting theological training have been tried in institutions but very few of these have been successful Time cost and quality of education among others have been the driving forces behind the changing models and yet financial sustainability has been elusive Only informed leadership that draws insights from historical biblical and practical wisdom is necessary in achieving this goal This book is your faithful companion in the quest to achieve financial sustainability in theological institutions **Two Minutes a Day to a Lifetime of Love** Daniel G. Amen, 1996-07-15 Many people think that you must put in a lot of time to develop and maintain a relationship but Dr Daniel Amen says that taking just two minutes out of each day to really focus on what is important can keep a relationship healthy and happy Amen shows couples how to communicate negotiate set goals together and achieve those goals with candid and easy to follow advice *The Missionary Kids* Holly Berkley Fletcher, 2025-08-19 Historian Fletcher incisively explores the dark underbelly of American evangelical missionary work via the experiences of missionaries children Robustly researched and sharply analyzed it s an illuminating expos with important implications for evangelical Christianity Publishers Weekly starred review Neither a celebration of missionaries nor a hatchet job this book is insightful and hard hitting while leaving space for a spectrum of voices to be heard Library Journal What do we learn about white evangelicalism from those raised by

its heroes From historian Holly Berkley Fletcher herself a missionary kid comes this first of its kind examination of how the experiences of missionary kids illuminate broader currents in American Christianity As sidekicks to their parents and churches ambitions missionary kids MKs face questions many white Christians eventually ask about God s calling sacrifice faith privilege racism abuse and what belonging means In *The Missionary Kids* Fletcher reveals how MKs have intimate access to the movement s logic longings and ideals With penetrating research sly wit and an empathic gaze Fletcher lays bare complicated emotions and troublesome truths She investigates how calling multiculturalism saints and indispensability can distract white American Christians from their own tradition s sins and failures Drawing on her experience as a Southern Baptist MK in Kenya on conversations with other missionary kids and on the work of psychologists historians missiologists and researchers Fletcher paints an intricate portrait of family life on the front lines of the missionary movement From boarding school to war zones and from sexual assault by adult missionaries to fending for themselves so as not to distract from the work of the Lord MKs bear the weight of their parents choices and their churches ideals Fletcher delves into the missionary industrial complex that shapes the lives of missionary families listening to MKs speak of the vexing wordless longing for the places they ve lived For many years few people sought out MKs real voices God had called their parents to do great things so the kids were beside the point But the children of missionaries are beneficiaries of evangelicalism s rewards and victims of its failings And now they are ready to talk *Mission in Acts* Robert L. Gallagher, Paul Hertig, 2004

Constructing Mission History Stanley H. Skreslet, 2023 Challenging other narratives of mission history Skreslet offers a new speech act theory approach to the modern roots of World Christianity that differentiates between what a missionary might intend to communicate and the effects of what has been said or actions taken both in the moment and over time
