

12. Notes for Emily's Storyline

- 1881-1882 - Emily is kept around the mansion by a few low-ranking servants, considered more as property of the Duke and Emily. It is noted that her last lady's maidhood shows that nothing very new or interesting will be made.
- 1883 - As the summer passes, Emily feels only so concerned. It feels too similar to what she's used to. She has thought about this much recently and somewhat reluctantly has agreed to what her extremely low status is. Without her father's power, Emily is seen as a servant suggested by Edward's friends.
- 1884 - It has been the summer since her father's death, but she begins to get up and move around. They begin to follow Emily around Edward's house. It gets to the point they are the bulk of the household.
- 1885 - Emily was not disappointed when a change of her life was made. She knew that Emily was going to be made. The servants were not really upset, a lady's maid is not as they would perceive her. The situation is not unreasonable for her Emily's family about what was going on.
- 1886 - Emily's situation was not what she wanted. She wanted to be a lady's maid. She was not a lady's maid. Emily's situation was not what she wanted. She was not a lady's maid. Emily's situation was not what she wanted. She was not a lady's maid.
