For the endorsement to be awarded these skills can be demonstrated by any twelve practical tasks as long as they cover the specified range of techniques and apparatus. Exam boards also specify the twelve required practical tasks so that students are adequately and properly prepared to answer questions about them in the written examinations. This document can be used to help students appreciate the required level of competency that needs to be attained in each of the five key skills but does not necessarily present examples of the best way to present their work nor are they necessarily examples of the best possible results attainable from the practical tasks.
