Beyond Sputnik Homer A. Neal, 2008 *Beyond Sputnik* Homer Alfred Neal, Tobin Smith, Jennifer McCormick, 2010-09-22 Science and technology are responsible for almost every advance in our modern quality of life Yet science isn't just about laboratories telescopes and particle accelerators Public policy exerts a huge impact on how the scientific community conducts its work *Beyond Sputnik* is a comprehensive survey of the field for use as an introductory textbook in courses and a reference guide for legislators scientists journalists and advocates seeking to understand the science policy making process Detailed case studies on topics from cloning and stem cell research to homeland security and science education offer readers the opportunity to study real instances of policymaking at work Authors and experts Homer A Neal Tobin L Smith and Jennifer B McCormick propose practical ways to implement sound public policy in science and technology and highlight how these policies will guide the results of scientific discovery for years to come Homer A Neal is the Samuel A Goudsmit Distinguished University Professor of Physics Interim President Emeritus and Vice President for Research Emeritus at the University of Michigan and is a former member of the U S National Science Board Tobin L Smith is Associate Vice President for Federal Relations at the Association of American Universities He was formerly Assistant Director of the University of Michigan and MIT Washington DC offices Jennifer B McCormick is an Assistant Professor of Biomedical Ethics in the Division of General Internal Medicine at the Mayo College of Medicine in Rochester Minnesota and is the Associate Director of the Research Ethics Resource part of the Mayo Clinic's NIH Clinical Translational Science Award research programs GO BEYOND SPUTNIK ONLINE Visit www.sciencepolicy.net for the latest news teaching resources learning guides and internship opportunities in the 21st Century field of science policy **Looking for Blackfellas' Point** Mark McKenna, 2002 Blackfella's Point lies on the Towamba River in south eastern New South Wales This work is a history for every Australian who is interested in the story of settler Australia's relations with indigenous people what happened between them and how they came to confront the truth about their past *History*, 2005 **The Founding of the Eden Killer Whale Museum** G. F. Phillips, J. Logan, J. A. Greig, 1981 *The Canadian Encyclopedia* James H. Marsh, 1999 This edition of *The Canadian Encyclopedia* is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the

equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
