Vice to Nice René Esparza, 2025-10-21 Shifting the focus of AIDS history away from the coasts to the Twin Cities of Minneapolis and St Paul, this impressive book uncovers how homonormative political strategies weaponized the AIDS crisis to fuel gentrification. During the height of the epidemic, white gay activists and politicians pursued social acceptance by assimilating to Midwestern cultural values. This approach, René Esparza argues, diluted radical facets of LGBTQ activism, rejected a politics of sexual dissidence, severed ties with communities of color and ushered in the destruction of vibrant queer spaces. Drawing from archival research, oral histories and urban studies from the 1970s through the 1990s, Esparza illustrates how the onset of the AIDS epidemic provided a pretext for further criminalization of perceived sexual deviance, targeting sex workers, promiscuous gay men and transgender women. More than the criminalization of people and behaviors, this time period also saw increased targeting of urban venues such as bathhouses, adult bookstores and public parks where casual

anonymous encounters occurred Cleansing the city of land uses that undermined gentrification became a protective measure against AIDS and the most marginalized bore the brunt of the ensuing surveillance and displacement From Vice to Nice illuminates how despite purporting seemingly progressive values LGBTQ Midwestern politics of conformity leveraged the AIDS crisis to further instigate racial and sexual exclusion and fundamentally alter the urban landscape **Policing Public Sex** Ephren Glenn Colter, Dangerous Bedfellows, 1996 As some activists have turned to regulation rather than education in the effort to curb the AIDS epidemic the public culture at the foundation of queer culture has come under attack *Gay Guide to Narcissist Abuse, Mythomanics, and Other Bullies from the Dark: Living in the bully and narcissist apocalypse (Volume 1)* Charles K. Young, 2018-10-04 Beginning in the late 1950s representations of and narratives about sex proliferated on French and U S movie screens Cinema began to display forms of sexuality that were no longer strictly associated with domesticity nor limited to heterosexual relations between loving couples Women s bodies and queer sexualities became intensely charged figures of political contestation aspiration and allegory central to new ways of imagining sexuality and to new liberal understandings of individual freedom and social responsibility In *Making Sex Public* Damon R Young tracks the emergence of two conflicting narratives on the one hand a new model of sex as harmoniously integrated into civic existence on the other an idea of women s and queer sexuality as corrosive to the very fabric of social life Taking a transatlantic perspective from the late 50s through the present from *And God Created Woman* and *Barbarella* to *Cruising* and *Shortbus* Young argues that cinema participated in the transformation of the sexual subject while showing how women and queers were both agents and objects of that transformation
