Rosell,2018-04-13 Dogs and humans have worked side by side for thousands of years and over the millennia we ve come to depend upon our pooches as hunters protectors and faithful companions But when it comes to the extraordinary quality of man s best friend which we rely on most the winner is clear by a nose In Secrets of the Snout Frank Rosell blends storytelling and science as he sniffs out the myriad ways in which dogs have been trained to employ their incredible olfactory skills from sussing out cancer and narcotics to locating endangered and invasive species as well as missing persons and golf balls With

300 million receptors to our mere 5 million a dog's nose is estimated to be between 100 000 and 100 million times more sensitive than a human's. No wonder then that our nasally inferior species has sought to unleash the prodigious power of canine shnozzes. Rosell here takes us for a walk with a pack of superhero sniffers including Tutta a dog with a fine nose for fine wine, the pet finder pooch AJ, search and rescue dog Barry, the hunting dog Balder, the police dogs Rasko and Trixxi, the warfare dog Lisa, the cancer detection dog Jack Tucker who scents floating killer whale feces, and even Elvis who can smell when you're ovulating. With each dog Rosell turns his nose to the evolution of the unique olfactory systems involved, which odors dogs detect, and how they do it. A celebration of how the canine sense for scents works and works for us. *Secrets of the Snout* will have dog lovers, trainers, and researchers alike all howling with delight. Exploring this most pointed of canine wonders, Rosell reveals the often surprising ways in which dogs are bettering our world, one nose at a time.

HOW TO TRAIN GUARD DOG Kyle Dennis, 2023-03-07 A guard dog or a watchdog is trained to protect your property and your family. Contrary to what you might think, most guard dogs are not taught to attack. Rather, they are taught non-confrontational techniques such as how to stand guard and how to use their bark to alert you of a stranger or potential danger on your property. Training your dog to be a guard dog will take some time and patience, but the result will be a dog that will not only protect you against a threat but will also be comfortable and well-behaved in non-threatening situations. This book will also answer all your unanswered questions about how best to raise a guard dog to protect you and your household. We have had on many occasions handlers and their families protected by their dogs that went through my guard dog training manual. Handlers and their families were saved from hijacking, hold-up, gun attacks, attacks at home, because of their loyal dogs.
