

This feels so fucking weird. My little sister has had the Gender Flu for almost a week, and I thought it was weird having a 17 year old boy around the house. The most awkward part of it was how she invited her friend, Mia, over for a "sleepover" three nights after catching it... and the next morning Mia was a dude. Well I've been trying to be super careful about keeping my distance from her and washing my hands after even being in the same room, but this morning I woke up like this. These fucking tits are so big and so sensitive, it's like having two dicks on my chest that are constantly bouncing whenever I move. My sister gave me her biggest tops, but I barely fit in them 'cause I'm like two cup sizes bigger than her. I think she did this on purpose, because she's really excited about having a sister for a couple weeks. She says when she turns back, she'll have a whole week to go on sister dates to the mall until I turn back... this is going to be a long couple of weeks.

In *Pandemic Girl*, Justin Watters is a man living in a post-apocalyptic society ravaged by a virus that slowly changes men into women. Being one of the few men left is a pretty sweet deal for Justin until a jilted ex-lover exposes him to the virus and he's sent to a containment camp where he adjusts to his changing body. Can he find a way to escape the camp before every memory of his old life and self is eliminated by the ultimate FEMPOL re-education training program?

In *Annie Morphs*, Arnold stumbles onto a dying alien who grants five brave children the power to morph into any animal or person they can touch so that they can fight back against a secret invasion of evil mind-controlling slugs called the Yucks, and he even gets the same powers himself. But Arnold wants no part of a terrifying battle against alien invaders, so he takes his new powers and heads for Vegas in the body of a local girl, planning to use his transforming abilities to rob casinos. His plan works perfectly right up until the night when he stays morphed for a little too long and accidentally gets stuck in one of his gorgeous borrowed bodies.

In *Dr. Jekyll and Ms. Hyde*, Antwon Reynolds is a brilliant scientist working day and night to win fame and fortune by solving the ultimate mystery of mankind: how to understand the mysterious inner workings of women's minds. He makes a potion and transforms himself into the beautiful Anita, where he's now beset by a whirlwind of new emotions that threaten to overwhelm him. Will Anita be able to resist her passions long enough to finish her research, or will she give in to the newfound desire she experiences?
