Gorkys Philistines In A New Version:

Maxim Gorky Cynthia Marsh, 2006 Maxim Gorky was dubbed the father of socialist realism in the Soviet period but he had forged his career as an internationally known novelist and dramatist some three or more decades earlier Posing questions that Soviet critics found difficult to confront the author examines the effects of exile and religion on the content and form of the plays as well as the role played by women and the personal and political implications of motherhood All sixteen of Gorky's published plays are covered and the book explores whether this body of work has themes and styles to unify it While conflict is central to the core political themes and also infiltrates many aspects of the dramatic style cartoonish and grotesque other less expected themes and styles emerge Viewing the post revolutionary plays as a development of earlier work leads to a question rarely posed are the plays written by Gorky in the process of defining the new Party inspired socialist realism in fact less about socialist realist issues of conformity and more about Gorky's own painful life experience And what is equally under the microscope is a search for the monumental style frequently associated with socialist realist theatre the proposed origins of the spatial grandeur in Gorky's plays come as a surprise

The Sirens of the Hotel Louvre Serge Gregory, 2025-04-15 Combining history and biography The Sirens of the Hotel Louvre focuses on the intimate relationship and professional collaboration between two creative women in Russia's Silver Age 1880s 1920 The actress Lidia Yavorskaya and the writer Tatiana Shchepkina Kupernik overcame moral and social boundaries to assert themselves as successful artists Their lives intersected with practically all the major theatrical entrepreneurs and artists of the period in Moscow and St Petersburg most notably Anton Chekhov The opening in the 1880s of private theaters in Moscow and St Petersburg resulted in an extraordinary flourishing of the dramatic arts exposing theatergoers to the latest works by both Russian and Western European playwrights In The Sirens of the Hotel Louvre Yavorskaya and Shchepkina Kupernik serve as guides to this remarkable artistic and literary world Serge Gregory shows how their success in fashioning independent careers reflects the emergence of the theater as one of the few professional paths available for educated women in nineteenth century Russia who wished to escape the constraints of traditional family life
