After being diagnosed with retinitis pigmentosa, Dr. Elaine Leong Eng, author of *Martha, Martha: How Christians Worry*, knew she had to make important life changes. This genetic disease would soon cause her eyesight to fail. Her impending blindness meant that she would no longer be able to practice as an obstetrician-gynecologist. Her family life would never be the same, nor would her self-image. *A Christian Approach to Overcoming Disability: A Doctor's Story* is the poignant and inspiring story of Dr. Eng's ultimately triumphant struggle with an

Modern Food, Moral Food Helen Zoe Veit,2013-08-01 American eating changed dramatically in the early twentieth century As food production became more industrialized nutritionists home economists and so called racial scientists were all pointing Americans toward a newly scientific approach to diet Food faddists were rewriting the most basic rules surrounding eating while reformers were working to reshape the diets of immigrants and the poor And by the time of World War I the country s first international aid program was bringing moral advice about food conservation into kitchens around the country In Modern Food Moral Food Helen Zoe Veit argues that the twentieth century food revolution was fueled by a powerful conviction that Americans had a moral obligation to use self discipline and reason rather than taste and tradition in choosing what to eat Veit weaves together cultural history and the history of science to bring readers into the strange and complex world of the American Progressive Era The era s emphasis on science and self control left a profound mark on American

eating one that remains today in everything from the ubiquity of science based dietary advice to the tenacious idealization of thinness
