Historic House Docent Training Manual:

The Museum Educator's Manual Anna Johnson, Kimberly A. Huber, Nancy Cutler, Melissa Bingmann, Tim Grove, 2017-08-09
The Museum Educator's Manual addresses the role museum educators play in today's museums from an experience based perspective. Seasoned museum educators author each chapter emphasizing key programs along with case studies that provide successful examples and demonstrate a practical foundation for the daily operations of a museum education department no matter how small. The book covers volunteer and docent management and training, exhibit development, program and event design and implementation, working with families, seniors and teens, collaborating with schools and other institutions, and funding. This second edition interweaves technology into every aspect of the manual and includes two entirely new chapters: one on Museums: An Educational Resource for Schools and another on Active Learning in Museums. With invaluable checklists, schedules, organizational charts, program examples, and other how-to documents included throughout, The Museum Educator's Manual is a must-have book for any museum educator.

The Robert E. Lee Family Cooking and Housekeeping Book Anne Carter Zimmer, 2009-09-05
Based on Mrs. Lee's personal notebook and presented by her great granddaughter, this charming book is a treasury of recipes, remedies, and household history. Both the original and modern versions of 70 recipes are included.

Anarchist's Guide to Historic House Museums Franklin D. Vagnone, Deborah E. Ryan, 2016-07-01
In these days of an aging traditional audience, shrinking attendance, tightened budgets, increased competition, and exponential growth in new types of communication methods, America's house museums need to take bold steps and expand their overall purpose beyond those of the traditional museum. They need not only to engage the communities surrounding them but also to collaborate with visitors on the type and quality of experience they provide. This book is a groundbreaking manifesto that calls for the establishment of a more inclusive, visitor-centered paradigm based on the shared experience of human habitation. It draws inspiration from film, theater, public art, and urban design to transform historic house museums while providing a how-to guide for making historic house museums sustainable through five primary themes: communicating with the surrounding community, engaging the community, reimagining the visitor experience, celebrating the detritus of human habitation, and acknowledging the illusion of the shelter's authenticity. Anarchist's Guide to Historic House Museums offers a wry but informed, rule-breaking perspective from authors with years of experience and gives numerous vivid examples of both good and not-so-good practices from house museums in the U.S.

Old-House Journal, 2005-03
Old House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories, all in a trusted, authoritative voice.

The Manual of Museum Learning Brad King, Barry Lord, 2015-12-15
Museum learning is a vital component of the lifelong learning process. In this new edition of *The Manual of Museum Learning*

leading museum education professionals offer practical advice for creating successful learning experiences in museums and related institutions such as galleries zoos and botanic gardens that can attract and intrigue diverse audiences The original Manual of Museum Learning was published in 2007 The editors have totally rethought this new edition This second edition focuses on the ways museum staffs and the departments for which they work can facilitate the experience in a way that capitalizes on their individual institutional strengths The goal of this new edition is to provide museums with guidance in developing a strategic approach to their learning programs There is a close connection between institution wide strategic planning where an institution decides what course and direction it will take for a five to seven year period and its approach to museum learning One size does not fit all and what each museum is or aspires to be will affect its individual approach Thus there are many routes for museums to take many alternative ways for them to play this role No one museum can be all things to all prospective learners they will be better suited to some approaches than to others This new edition identifies these approaches and enables museums to find the paths for which they are individually best suited to help them identify their own unique approaches to facilitating museum learning Each one s mission and vision its relationships with institutional and public stakeholders local cultural and market factors its individual collection and programmatic strengths its financial position all of these things matter This second edition aims to help each museum find the right approach to learning for its unique situation by showing them the range of museum personalities in terms of their being learning institutions what constitutes each type and what the implications are of choosing one or another approach for a particular museum A major theme of the 2nd edition of The Manual of Museum Learning is museum as connector the ways in which museums are facilitating self directed learning by connecting people with resources Not all will connect audiences with learning vehicles in the same way If museum learning is affective learning then it is the role of the museum to connect its visitors program participants and others who benefit from its knowledge to the learning resources that best suit the institution s strengths and matches them to the learning needs of the museum s audiences By connecting users to the resources they are most interested in or which best suit each individual s particular learning styles museums are at their best when they empower individuals to design their own learning experience in ways that resonate best with each individual Houses and Homes Barbara Howe,1997 This volume in the Nearby History series helps the reader document the history of a home The reader will learn to examine written records oral testimonies visual sources and the house s surroundings The author covers American housing patterns the individual characteristics of houses in different regions construction techniques and materials household technology and family life styles Houses and Homes is Volume 2 in The Nearby History Series An Honest Enemy Paul Magid,2020-04-23 Over the course of his military career George Crook developed empathy and admiration for American Indians both as foes and as allies As Paul Magid has demonstrated in the previous two volumes of his groundbreaking biography this experience prepared Crook well for his metamorphosis from Indian fighter to outspoken

advocate of Indian rights *An Honest Enemy* is the third and final volume of Magid's account of George Crook's life and involvement in the Indian wars Using rarely tapped information including Crook's own diaries the work documents in dramatic detail the general's arduous and dangerous campaigns against the Chiricahua Apaches and their leader Geronimo action that forms a backdrop to the transformation in the general's role vis vis Native Americans In a story by turns harrowing and tragic Magid details the plight of Indians who in the aftermath of their defeat were consigned to reservations too barren to sustain them where they were subjected to impoverishment indifference and in many cases outright corruption With growing anger Crook watched as many tribes faced death from starvation and disease and unwilling to passively accept their fate desperately sought to flee their reservations and return to their homelands Charged with the grim task of returning the Indians to such conditions Crook was forced to choose between fulfilling his duties as a soldier and his humanitarian values Magid describes Crook's struggle to reconcile these conflicting concerns while promoting policies he regarded as essential to the welfare of the Indians in the face of a hostile public jealous fellow officers and an unsympathetic government that regarded his efforts as quixotic and misguided Here is a tale that readers will not soon forget Defining Memory Amy K. Levin, Joshua G. Adair, 2017-10-20 This updated edition of *Defining Memory* Local Museums and the Construction of History in America's Changing Communities offers readers multiple lenses for viewing and discussing local institutions New chapters are included in a section titled *Museums Moving Forward* which analyzes the ways in which local museums have come to adopt digital technologies in selecting items for exhibitions as well as the complexities of creating institutions devoted to marginalized histories In addition to the new chapters the second edition updates existing chapters presenting changes to the museums discussed It features expanded discussions of how local museums treat or ignore racial and ethnic diversity and concludes with a look at how business relationships political events and the economy affect what is shown and how it is displayed in local museums **New Directions for Special Collections** Lynne M. Thomas, Beth M. Whittaker, 2016-10-31 Addressing the most exciting and challenging areas in the profession this text will be invaluable to any professional looking ahead to the future of special collections and related cultural heritage work Special collections today from rare books and other specialized book collections to audio recordings and visual images offer librarians limitless opportunities to showcase their skills in curating preserving and offering access to these resources to patrons Drawing on innovative practices and enduring values to address challenges and opportunities in the broad realm of special collections librarianship this book updates the notion of special collections to the wide range of materials institutions and contexts where they exist today The contributed essays describe the various kinds of innovative projects and practices that are sought by IMLS and other funding agencies today and serve to illustrate how going beyond a traditionally limited idea of special collections opens doors to far more engaging opportunities Spanning the converging worlds of academic and special libraries rare book collections archives museums and other cultural heritage institutions this book will be useful to newcomers and

seasoned professionals alike The essays address the recurring themes of managing and welcoming change and the impact of digital technologies throughout the book whether regarding new approaches to outreach and instruction the acquisition and curation of non traditional collections new structures for discovery and access in a digital world or the nature of special collections work now Both experienced professionals and recent graduates from one of the booming archival studies programs will find this text invaluable in creating a successful career in special collections or cultural heritage curation today and in the near future **Gilbert Guide** Gilbert Guide,2005-07
