*De Gruyter Handbook of Humor Studies* Thomas E. Ford, Władysław Chłopicki, Giseline Kuipers, 2024-07-22 The De Gruyter Handbook of Humor Studies consolidates the cumulative contributions in theory and research on humor from 57 international scholars representing 21 different countries in the widest possible diversity of disciplines It organizes research in a unique conceptual framework addressing two broad themes the Essence of Humor and the Functions of Humor Furthermore scholars of humor have recognized that humor is not only a universal human experience it is also inherently social shared among people and woven into the fabric of nearly every type of interpersonal relationship Scholars across all academic disciplines have addressed questions about the essence and functions of humor at different levels of analysis relating to how narrowly or broadly they conceptualize the social context of humor Accordingly the editors have organized each broad thematic section into four subsections defined by level of analysis The book first addresses questions about individual psychological processes and text properties then moves to questions involving broader conceptualizations of the social context addressing humor and social relations and humor and culture By providing a comprehensive review of foundational work as well as new research and theoretical advancements across academic disciplines the De Gruyter Handbook of Humor Studies will serve as the foremost authoritative research handbook for experienced humor scholars as well as an essential starting point for newcomers to the field such as graduate students seeking to conduct their own research on humor Further by highlighting the interdisciplinary interest of new and emerging areas of research the book identifies and defines directions for future research for scholars from every discipline that contributes to our understanding of humor

**The Dynamics of Interactional Humor** Villy Tsakona, Jan Chovanec, 2018-01-05 This book deals with the construction of diverse forms of humor in everyday oral written and mediatized interactions It sheds light on the differences and most importantly the similarities in the production of interactional humor in face to face and various technology mediated forms of communication including scripted and non scripted situations The chapters analyze humor related issues in such genres as spontaneous conversations broadcast dialogues storytelling media blogs bilingual conversations stand up comedy TV documentaries drama series family sitcoms Facebook posts and internet memes The individual authors trace how speakers collaboratively circulate reconstruct and re frame either personal or public accounts of reality aiming among other things to produce and or reproduce humor Rather than being finished products with a single interpretation humorous texts are thus approached as dynamic communicative events that give rise to diverse interpretations and meanings The book draws on a variety of up to date approaches and methodologies and will appeal to scholars in discourse analysis conversation analysis interactional sociolinguistics pragmatics ethnography of communication and social semiotics

We Are Not Amused Nancy Bell, 2015-04-24 Placing failed humor within the broader category of miscommunication and drawing on a range of conversational data this text represents the first comprehensive study of failed humor It provides a framework for

classifying the types of failure that can occur examines the strategies used by both speakers and hearers to avoid and manage failure and highlights the crucial role humor plays in social identity and relationship management
