God-Given Gifts and Talents Samuel Lartey,2013-06-10 All around you there are people who are hurting people who need your love and people who need your encouragement Let God use your gifts and talents to bless them God gives each of us our own unique gifts It is our responsibility to recognize these gifts nurture them and utilize them to live up to our full potential By looking around and inside of you you will soon recognize what you can do best It may be creative intellectual artistic abilities or strength of character God gives these abilities to enable you to succeed in life but it s entirely up to you to put them to work One may ask why it is so common to see many gifted people unsuccessful in spite of their profound abilities Of course there is not a single person who has inherited a gold or oil field who would like to live in poverty But however unfortunate it may seem most people with heavenly resources gifts and talents are not effectively using them and that explains why they are not successful yet In our world today many people are of the notion that because gifts and talents are called Grace there is no need to put your abilities to work just sit and wait patiently for your time and season In this book I try to demystify this myth I beg to differ gifts do not grow by themselves gifts have to be developed Sir Winston Churchill said To every person there comes in their lifetime that special moment when you are figuratively tapped on the shoulder and offered the chance to do a very special thing unique to you and your talents What a tragedy if that moment finds you unprepared or unqualified for work which could have been your finest hour

Bad Religion Ross Douthat,2012-04-17 As the youngest ever op ed

columnist for the New York Times Ross Douthat has emerged as one of the most provocative and influential voices of his generation In *Bad Religion* he offers a masterful and hard hitting account of how American Christianity has gone off the rails and why it threatens to take American society with it Writing for an era dominated by recession gridlock and fears of American decline Douthat exposes the spiritual roots of the nation s political and economic crises He argues that America s problem isn t too much religion as a growing chorus of atheists have argued nor is it an intolerant secularism as many on the Christian right believe Rather it s bad religion the slow motion collapse of traditional faith and the rise of a variety of pseudo Christianities that stroke our egos indulge our follies and encourage our worst impulses These faiths speak from many pulpits conservative and liberal political and pop cultural traditionally religious and fashionably spiritual and many of their preachers claim a Christian warrant But they are increasingly offering distortions of traditional Christianity not the real thing Christianity s place in American life has increasingly been taken over not by atheism Douthat argues but by heresy debased versions of Christian faith that breed hubris greed and self absorption In a story that moves from the 1950s to the age of Obama he brilliantly charts institutional Christianity s decline from a vigorous mainstream and bipartisan faith which acted as a vital center and the moral force behind the civil rights movement through the culture wars of the 1960s and 1970s to the polarizing debates of the present day Ranging from Glenn Beck to Barack Obama Eat Pray Love to Joel Osteen and Oprah Winfrey to *The Da Vinci Code* Douthat explores how the prosperity gospel s mantra of pray and grow rich a cult of self esteem that reduces God to a life coach and the warring political religions of left and right have crippled the country s ability to confront our most pressing challenges and accelerated American decline His urgent call for a revival of traditional Christianity is sure to generate controversy and it will be vital reading for all those concerned about the imperiled American future
