Narrative Ethics Adam Zachary Newton, 2009-06-30 The ethics of literature formalists have insisted resides in the moral quality of a character a story perhaps the relation between author and reader But in the wake of deconstruction and various forms of criticism focusing on difference the ethical question has been freshly negotiated by literary studies and to this approach Adam Newton brings a startling new thrust His book makes a compelling case for understanding narrative as ethics Assuming an intrinsic and necessary connection between the two Newton explores the ethical consequences of telling stories and fictionalizing character and the reciprocal claims binding teller listener witness and reader in the process He treats these relations as defining properties of prose fiction of particular import in nineteenth and twentieth century texts Newton's fresh and nuanced readings cover a wide range of authors and periods from Charles Dickens to Kazuo Ishiguro and Julian Barnes from Herman Melville to Richard Wright from Joseph Conrad and Henry James to Sherwood Anderson and Stephen Crane An original work of theory as well as a deft critical performance *Narrative Ethics* also stakes a claim for itself as moral inquiry To that end Newton braids together the ethical philosophical projects of Emmanuel Levinas Stanley Cavell and Mikhail Bakhtin as a kind of chorus for his textual analyses an elegant bridge between philosophy's ear and literary criticism's voice His work will generate enormous interest among scholars and students of English and American literature as well as specialists in narrative and literary theory hermeneutics and contemporary philosophy Table of Contents Acknowledgments Abbreviations Narrative as Ethics Toward a Narrative Ethics We Die in a Last Word Conrad's Lord Jim and Anderson's Winesburg Ohio Lessons of for the Master Short Fiction by Henry James Creating the Uncreated Features of His Face Monstration in Crane Melville and Wright Telling Others Secrecy and Recognition in Dickens Barnes and Ishiguro Conclusion Notes Index Reviews of this book Newton's book will become a pivotal text in our discussions of the ethical implications of reading He has taken into account a great deal of prior work and written with judgment and wisdom Daniel Schwartz Narrative Reviews of this book Newton offers elegant provocative readings of texts ranging from The Rime of the Ancient Mariner to Winesburg Ohio The Remains of the Day and Bleak House Newton's book is a rich vein of critical ore that can be mined profitably Choice Reading *Narrative Ethics* is a powerful experience for it engages not just the intellect but the emotions and dare I say the spirit It stands apart from recent books on ethics in literature by virtue of its severe insistence on its allegiance to an alternative ethical tradition This alternative way of thinking and living has its roots in the work of the Jewish philosopher Emmanuel Levinas and finds support

in the writings of Mikhail Bakhtin and Stanley Cavell Stories Newton asserts are not ethical because of their morals or because of their normative logic They are ethical because of the work they perform in the social world of binding teller listener witness and reader to one another This is a work of passion integrity commitment and mission Jay Clayton Vanderbilt University Newton probes with admirable subtlety the key question what do we gain and what dangers do we run when we fully enter the life of an other through that other s story We have here a rare combination of deep and learned critical acumen with passionate love for literature and sensitivity to its nuances Wayne C Booth University of Chicago Adam Zachary Newton writes with illuminating passion Drawing on writers as diverse as Conrad and Henry James Melville and Sherwood Anderson Bakhtin and Levinas he asks what it is to turn one s life into a story for another and what it is to respond to or avoid the claim of another person s narration He has written a wonderful important book Martha Nussbaum University of Chicago
