## **Miracle At Janet S Mountain:**

**Miracle at Janet's Mountain** Richard L. Hatin, 2014-11-01      Life and Letters of Janet Erskine Stuart, Superior General of the Society of the Sacred Heart, 1857-1914 Maud Monahan, 1923      *A Hospital for Ashe County* Janet C. Pittard, 2019-04-18 When Ashe County Memorial Hospital opened in November 1941 it was the realization of a dream for the poor sparsely populated county in the mountains of northwestern North Carolina Building a hospital is a major undertaking for any community at any time Accomplishing this in the waning days of the Great Depression and on the brink of World War II while scant local resources were taxed by catastrophic floods and severe snows was a remarkable feat of community organization This is the story of the generations of supporters doctors nurses emergency personnel and others whose lives are interwoven with regional health care and the planning building and operation of the new Ashe Memorial Hospital This legacy brought to life through 114 photographs and personal interviews with 97 individuals traces the development of health care in a remote Appalachian community from the days of folk remedies and midwives to horseback doctors and early infirmaries to the technological advances and outreach efforts of today's Ashe Memorial Hospital      **Theatre Profiles 12** Steven Samuels, 1996 The essential guide to professional not for profit theatres      The Passions of John Addington Symonds Shane Butler, 2022 The first critical analysis to embrace a wide and representative selection of John Addington Symonds's work beyond his famous essays It explores Symonds as a complex thinker with an ambitious vision of the queerness of the world itself and follows his engagement with the art and literature of classical antiquity      Skiing, 1986-01      **Billboard**, 1986-05-31 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      **The Kirkus Service**, 1948      **The Delineator** R. S. O'Loughlin, H. F. Montgomery, Charles Dwyer, 1922      **Ski**, 1976-12      *The Presbyterian*, 1906

**Miracles and Wonders in the Middle Ages and Early Modern Period** Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in

the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today
