Steamy Kitchen's

Healthy Asian Favorites Jaden Hair, 2013-02-05 Steamy Kitchen creator Jaden Hair top Asian cooking blogger gives a healthy and truly inspired overhaul to more than 120 classic Asian recipes making them accessible and easy for home cooks. As the creator of the beloved blog Steamy Kitchen Jaden Hair knows how to make Asian food accessible and exciting to home cooks. Now with humor and a can-do attitude Jaden presents this collection of her quick and flavorful recipes for healthy Asian dishes, most of which are naturally gluten-free and light on meat. With her infectious passion for cooking Jaden teaches you how to shop for the best Asian ingredients, stock your pantry to streamline weeknight meals, and master delicious Asian cooking at home. Featuring good-enough-to-eat photography shot by Jaden herself, this book speaks to a new wave of healthy eaters without sacrificing flavor, ease, and fun. Jaden makes Asian foods seem approachable, not intimidating, and also offers new material for experienced Asian cooks looking to expand their repertoires. Doing away with gloppy sauces, oily stir-fries, and high-calorie counts, these vibrant and unquestionably unique dishes are inspired makeovers of authentic dishes from China, Indonesia, Japan, Korea, Thailand, and Vietnam. Recipes such as Chicken Mango Lettuce Cups, Seafood Curry Noodle Soup, Vietnamese Summer Rolls with Grilled Tofu, Korean Tacos My Way, and a Thai-inspired Peach and Basil Smoothie are perfectly suited for everything from casual dinners to impromptu parties and gatherings. Jaden's conversational style will make you feel as if you have a knowledgeable friend in the kitchen guiding you through the process. With Jaden on your side, you can learn to cook fast, fresh, tasty Asian dishes that family and friends, from seasoned foodies to picky kids, will enjoy and request time and time again.

The Brain Health Kitchen Annie Fenn, 2023-01-03 A physician and chef identifies the top ten brain-smart ingredients and shows that eating to maintain brain health is easy, accessible, delicious, and necessary for everyone. The foods we choose to eat or not sit at the core of the Alzheimer's epidemic. They are also the heart of the solution. Annie Fenn, a doctor-turned-chef-turned-doctor, once she started taking care of her mother who was suffering from dementia, presents a whole new way to think about brain health: it begins in the kitchen. Scientific studies show it's even simpler than that. There are 10 powerfully neuroprotective foods, and by making them the center of your diet, which is what The Brain Health Kitchen shows readers how to do, you will keep your brain younger, sharper, more vibrant, and much less prone to dementia. None of these brain superfoods will come as a surprise: berries, leafy greens, whole grains, fatty fish, and beans and lentils have been touted for their health-giving properties since researchers put a name to the Mediterranean diet. The Brain Health Kitchen takes this many steps further to create a unique food-based first and best line of defense against the heartbreak of Alzheimer's. There are 100 recipes to put brain-healthy choices into every meal, from Caramelized Apple and Quinoa Pancakes for breakfast to Mushroom and White Bean Socca for lunch to dinners like Miso-Glazed Cod with Rice and Gingery Green Beans and Marinated Steak with Warm Kale Salad and Sweet Potatoes. Followed perhaps by Roasted Strawberries with Vanilla Bean Cashew Cream. But it's not just a diet; it's a dietary pattern which includes the healthiest ways to cook, making diverse choices, what foods you combine, and what you drink. Science bites throughout the book explain the

research behind the facts *The Knockoff Economy* Kal Raustiala, Christopher Sprigman, 2012-08-15 From the shopping mall to the corner bistro knockoffs are everywhere in today's marketplace. Conventional wisdom holds that copying kills creativity and that laws that protect against copies are essential to innovation and economic success. But are copyrights and patents always necessary? In *The Knockoff Economy*, Kal Raustiala and Christopher Sprigman provocatively argue that creativity can not only survive in the face of copying but can thrive. *The Knockoff Economy* approaches the question of incentives and innovation in a wholly new way by exploring creative fields where copying is generally legal, such as fashion, food, and even professional football. By uncovering these important but rarely studied industries, Raustiala and Sprigman reveal a nuanced and fascinating relationship between imitation and innovation. In some creative fields, copying is kept in check through informal industry norms enforced by private sanctions. In others, the freedom to copy actually promotes creativity. High fashion gave rise to the very term knockoff, yet the freedom to imitate great designs only makes the fashion cycle run faster and forces the fashion industry to be even more creative. Raustiala and Sprigman carry their analysis from food to font design to football plays to finance, examining how and why each of these vibrant industries remains innovative even when imitation is common. There is an important thread that ties all these instances together: successful creative industries can evolve to the point where they become inoculated against and even profit from a world of free and easy copying. And there are important lessons here for copyright-focused industries like music and film that have struggled as digital technologies have made copying increasingly widespread and difficult to stop. Raustiala and Sprigman's arguments have been making headlines in *The New Yorker*, *The New York Times*, *The Financial Times*, *The Boston Globe*, *Le Monde*, and at the Freakonomics blog, where they are regular contributors. By looking where few had looked before at markets that fall outside normal IP law, *The Knockoff Economy* opens up fascinating creative worlds. And it demonstrates that not only is a great deal of innovation possible without intellectual property, but that intellectual property's absence is sometimes better for innovation.

Pasta for All Seasons Michela Tartaglia, 2023-04-25 Authentic Italian flavors and cooking techniques join forces with seasonal regional ingredients for a delicious and deceptively simple collection of 50 pasta dishes for vegetarians, meat lovers, and pescatarians alike. Fresh ingredients, fresh pasta, innovative dishes. What's not to like? Rising Seattle chef Michela Tartaglia has developed 50 seasonal recipes that showcase the best of Northwest seafood, produce, and meat in creative, deeply satisfying pasta dishes. Using favorite ingredients such as salmon and clams and foodie favorites like nettles and chanterelles, this book offers home cooks dishes that are as comforting as a favorite spaghetti or fettuccine dish but as bold and exciting as a hot new restaurant entrée. In addition, a pasta primer helps home cooks make fresh pasta at home and choose the right pasta shape for the right sauce or dish. Recipes include Conchiglie Rigate with Pacific Northwest Wild Fiddlehead Fern Leek and Walnut Pesto, Fiore Sardo and Aleppo Pepper Orecchiette with Pacific Northwest Spot Prawns, Purple Asparagus and Lemon Pipe with Pacific Northwest Morels, Pancetta Walnuts, Ricotta, and Saffron Bucatini, all
